*AI Marketing* Eliane Karsaklian, 2025-04-04 This book demonstrates how brands use AI to entice customers and discusses the use of AI as a competitive advantage for marketers. Did you know that investors at Wall Street wait for the Groundhog Day's forecast to make their financial decisions? Did you know that your favorite influencer is not a real person? Did you know that your smartphone works like a magic wand? Don't you feel cursed without it? You will know all about it in this book. Consumers just like you are looking for an effortless life, and technology is making it possible with self-driving and self-parking cars, smart houses, beds automatically adjusting to one's sleeping needs, and robot vacuuming homes, all without human intervention. While we share our personal QR codes, brands bring you magical solutions: Mr. Clean, Magic Eraser, L'Oreal Magic Roots, and you can customize your life by magically creating your own world with the metaverse and the products you want with a 3D printer. Technology and magic enclose mysteries that we cannot assess: we see the input and the output, but no one knows exactly what happens within the process. Extensively documented with publications and empirical research, this book demonstrates how brands use AI to entice customers. It also discusses the use of AI as a competitive advantage for marketers and its deployment around the world. Whether you are curious and confused about technology or a

marketer without IT background expected to incorporate AI in your marketing strategies this book is for you so put some magic in your life      *Beginner Level Prompts Plug and Play Prompts*,2025-10-26 Struggling to Get Good Results from AI Tools You re Not Alone Most people know AI tools like ChatGPT and MidJourney exist but they don t know how to use them effectively You type something in get mediocre results and wonder what all the hype is about The secret It s all about the prompts This book gives you 1 100 proven beginner friendly prompts that actually work so you can start getting impressive results from AI today even if you ve never used these tools before What s Inside 1 100 Ready to Use Prompts Just copy paste and customize 10 Essential Topics Covering everything from content creation to business planning 100 Subcategories Find exactly what you need fast Zero Experience Required Written for complete beginners Topics Covered AI Art MidJourney Create stunning visuals Content Creation Marketing Write better content faster Business Entrepreneurship Plan strategize and grow Freelancing Side Hustles Start earning with AI Education Learning Study smarter learn faster Programming Tech Code without being a developer Building Websites Apps Bring your ideas to life Travel Adventure Plan unforgettable trips Video Creation Produce engaging content AGI Brain Computer Interfaces Explore cutting edge tech Perfect for Content creators who need fresh ideas daily Small business owners wanting to automate tasks Students looking to study more effectively Freelancers adding AI to their skillset Anyone curious about AI but unsure where to start Why This Book Works Unlike generic AI guides this book gives you specific actionable prompts you can use immediately No fluff no theory just prompts that get results Each prompt is Beginner friendly Easy to understand and use Practical Solves real problems Customizable Adapt to your specific needs Bonus Free Interactive Tool Get lifetime access to our web based prompt library at [plugandplayprompts.com](https://plugandplayprompts.com) with Easy filtering by topic and subcategory Instant search across all prompts One click copy functionality Stop Struggling Start Creating AI doesn t have to be complicated With the right prompts you can create content solve problems and boost productivity in minutes not hours Click Buy Now to get started today Whether you re using ChatGPT Claude MidJourney or any other AI tool these prompts will transform how you work create and learn Important Copyright Usage Notice This book and its contents are protected by copyright law and are intended for personal use only Prohibited Uses Reselling redistributing or sharing this ebook or its prompts Copying prompts for commercial redistribution Creating derivative works for resale Sharing access to the interactive tool at [plugandplayprompts.com](https://plugandplayprompts.com) You may use these prompts to create your own content but you may not resell the prompts themselves Licensing Commercial Use Interested in commercial licensing bulk purchases or partnership opportunities Contact us at [plugandplayprompts@gmail.com](mailto:plugandplayprompts@gmail.com) By purchasing this book you agree to these terms Unauthorized distribution or resale is strictly prohibited and may result in legal action Thank you for respecting our work and supporting independent creators      *Unlocking Wealth with AI\_Can ChatGPT Really Make You Money ?* Sunny Joyfield,2024-10-22 Unlocking Wealth with AI Can ChatGPT Really Make You Money AI is no longer a futuristic dream it s a reality and it s changing the way we live work and even earn a living Imagine
