The Documentary Filmmaker's Intuition Shannon Walsh, 2023-12-13 This book is an introduction to the art and craft of documentary filmmaking with a focus on ethics and impact from development through distribution. Author Shannon Walsh explores point of view storytelling, writing for nonfiction, and the art of social change documentary. Offering an overview of the documentary filmmaking process from idea to pitch to a final film and impact campaign, this book provides nonfiction filmmakers with the methods required to find a voice, style, and cinematic approach to documentary filmmaking. Key areas covered include definition of styles and genres of documentary film, project development and proposal writing, basic elements of documentary storytelling such as interview techniques, vlog filming, use of archives, stills, and point of view, the process of preparing and delivering a project pitch, pre-production, and finding the necessary elements to tell a story cinematically. With a specific focus on ethics and character-driven storytelling, Walsh shares her own personal insights on talking to strangers and the importance of empathetic listening skills and intuition, and provides useful worksheets that filmmakers can use for their own projects. This book is ideal for both students of documentary filmmaking and aspiring documentary filmmakers who are interested in creating ethical and impactful films.
