Creation Rediscovered:

Creation Rediscovered Gerard J. Keane, 1998-10 The author covers the basic question the two basic Evolution theories the concept of Special Creation the discoveries of science the fossil record genetics entropy the age of the universe pointers to a Creator and a number of other questions Not enough can be said for the importance of this book to get the fundamentals right regarding our Origins in order that the rest of our thought and all our actions are based upon the truth **Creation**

Rediscovered Jeffery M. Leonard, 2021-10-05 Creation Rediscovered by Jeffery M Leonard guides readers through a contextual reading of the Bible s creation stories Over the last two centuries few subjects have generated as much controversy for Christians as has creation The whethers whens and hows of creation have often become a battlefield in which the pitched forces of competing sides Darwinists and creationists young earthers and old figurativists and literalists have struggled for the upper hand Like most battles this fight has tended to inflict a fair amount of collateral damage along the way This is especially true for those put in the terrible position of feeling they have had to choose between the Bible they have fallen in love with and the science they have studied In this book Jeffery Leonard writes to fellow travelers in the faith who want to take the biblical text seriously while at the same time appreciate science s exploration of what we consider to be God s creation It is his contention that setting the Bible s creation texts back within their ancient context allows us to do both of these things Indeed Leonard believes that when we reread what the Bible has to say about creation in its original setting we find meaning in the text far more profound than what we have previously imagined Key points and features Written by a Bible scholar Unique timely and fresh interpretation Helps readers see the Bible s creation stories as vessels of healing and hope in God s larger plan for humanity Attempts to redirect Christians to read the ancient creation stories within the context in which they were written Creation Rediscovered Gerard J. Keane, 1991-01-01 A review of the present status of the

evolution creation controversy which argues that the theory of evolution cannot find scientific support Written mainly for a Catholic audience this book is primarily concerned with religious issues although various scientific aspects are also discussed Indexed **Rediscover Authority** Kurt Linnett, Rediscovering Authority is a profound exploration of uncovering timeless truths about humanity s role as stewards of God s creation Delving into the historical theological and practical aspects of stewardship this ebook illuminates the divine mandate and authority entrusted to humans Through insightful reflections readers gain a deeper understanding of their identity and purpose equipped with a comprehensive study guide featuring key concepts scripture reflections and discussion questions This transformative journey empowers readers to fulfill their stewardship with confidence and reverence making it an invaluable resource for individuals study groups and ministries embracing God s design for creation and stewardship *The Blessed Virgin Mary in England: Vol. II* Anthony Josemaria FTI, 2009-03-02 O Blessed Confidence O Safe Refuge Mother of God and Our Mother St Anselm of Canterbury 1033 1109 Doctor of the Church What is not generally known and only infrequently studied is the role of Our Lady over the centuries as

a catechist teacher of the faith in a very real sense primary teacher because she is Mother of God and Mother of the Church and faithful If any one factor might be singled out for the very high level of faith and religious practice in medieval merry England merry because Mary's dowry because consecrated to Mary as her possession and property it is this Marian catechesis Only when England deliberately rejected Mary did it cease to be the happy place it once was Unfortunately English colonization of other peoples took place only after the repudiation of Mary by England That is why this catechetical work is especially valuable for the faithful and those who are seeking faith in America and other English speaking cultures It will bring to their attention precisely what is central to catechetics and so often missing the presence of Mary Mother and Teacher It will make perfectly clear why we need not fewer Marian sanctuaries but many many more in all parts of the country where this quiet but so real and profound influence of the Marian principle of the Church will be felt at every level It is my prayer and hope that those who read and study this work will find the same inspiration and stimulus that I found in having the privilege to read the manuscript before publication We are much indebted to Brother Anthony Josemaria Pasquale a Franciscan Tertiary of the Immaculate and gifted scholar for the effort he has expended to find qualified contributors and to offer so well edited a book to the general public From the Foreword by Father Peter M Fehlner FI theologian sponsor of the International Symposium on Marian Coredemption **Special Creation Rediscovered** Gerard J. Keane, 2004
