authorities on accounting and its investment applications demonstrate why attention to financial statements is the key to judicious valuation. More broadly they show that accounting fundamentals when analyzed in a systematic manner teach us how to think about value in new ways. This guide to investing through analysis of financial statements presents both underlying principles and practical examples. It examines how an accounting book is structured the ways to read one in order to extract information about value and why accounting techniques help investors avoid common traps. Through cases that depict finance investing and accounting principles in action readers learn crucial lessons for challenging the market's pricing. Financial Statement Analysis for Value Investing is essential reading for anyone interested in the fundamentals of value investing practitioners and students alike. Both professional and individual investors can benefit from its techniques and insights and it is well suited for value investing and financial statement analysis courses in business schools. **The HIP**

Investor R. Paul Herman, 2010-04-26 A new breed of investing that combines making more money and making a difference. First there were the Profiteers investors who sought to make money regardless of the cost to society. Then came the Do Gooders investors who avoided bad companies and supported good ones based on philosophy over financials. Now this book introduces a brand new breed of investor The HIP Investor. Written for those who want to profit handsomely while also building a better world it will help you discover companies that are boosting the bottom line by solving key human needs through innovative products and services benefiting customers engaging employees and delivering sustainable profitable growth for their investors. That's the Human Impact Profit or HIP approach. In The HIP Investor R. Paul Herman creator of the HIP methodology introduces a revolutionary system that allows investors to profit and make a positive impact. It values measurable results over policies and philosophies and shows how higher performing companies can deliver both human impact and profit for shareholders. This book Provides a compelling easy to use investor tool kit so you can quickly HIP your portfolio. Reveals the three questions you should ask when looking for a company to invest in.
