**Designing Better Architecture Education** Manjari Chakraborty,2015-11-11 Designing

Better Architecture Education is an outcome of a research conducted systematically with diligence passion wide and in depth exercise on the obvious and latent aspects of undergraduate architecture education Although specific to India this study probes the diverse global scenario in acknowledgement of the global style of architecture where green preferences surface as compulsion The findings are arranged systematically analyzed impartially and inferred upon logically The final bunch of suggestions aimed at a much desirable architecture education revamp in India is in fact relevant for architecture education as a whole anywhere The author suggests compaction of graduation time intensification of exposures interactions and instructions shift of focus introduction of contemporary specializations restructuring intake revamping academic administration and a significant change of stance in teaching itself including methods philosophy attitude and paraphernalia The book provides valuable information insight and suggestions to rejuvenate the academic approach to the education of architecture and forms a reliable basis for further endeavour in this direction *Dwell*, 2007-03 At *Dwell* we re staging a minor revolution We think that it s possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines

**Mending Privately Owned Public Spaces** Adriana Cobo Corey, 2025-12-02 This book is motivated by a simple observation Privately Owned Public Spaces or POPS are overlooked sites when it comes to exploring the subject of taste in architecture and urban design The book unpacks the intricate world that unfolds from this thought while arguing that taste is a missing key in current spatial practice discourse Successful POPS are often presented as desirable additions to urban redevelopment projects in cities across the world This perception often overshadows and sometimes dismisses some of the more damaging impacts that the establishment of POPS has on the social tissue of specific localities and social groups and more generally on the socio political dynamics of cities Within the fields of architecture and urban design high regard for specific urban regeneration projects with POPS at their heart tends to ignore their inherently divisive social impact This in turn strengthens an often legitimised belief that analysing questioning and re aligning such impact falls outside the realm of these professions This book explores how successful POPS are sustained through among other maintenance practices carefully managed aesthetic codes largely dependent on showcasing the aesthetic value of highly controlled programmes of use This specific practice turns POPS into revealing sites when it comes to exploring taste in the context of spatial practice Why don t we talk about taste in socially engaged practice today Does a focus on aesthetics pose an ethical dilemma between superficiality and depth for practitioners in the face of persistent social inequity
