## **Crc Handbook Series In Nutrition And Food Section E Volume 1:**

*The Vitamins* J. Marks, 2012-12-06 This book has been designed as its title implies as a practical book for medical practitioners although it should be of interest to medical students and nutritionists It attempts to provide essential information about this important group of substances rather than be an all embracing monograph on the subject For this reason biochemical and physiological considerations have been kept to a minimum and aspects of animal disorders and animal husbandry have not been considered The material is often presented in a rather dogmatic fashion and with rare exceptions references are not included since this makes reading more difficult The exceptions where references are provided are the therapeutic claims and the series of recent studies which have indicated that vitamin deficiencies are still widely present among certain groups of the population of many industrially developed countries To add to this reference list there is a reading list which has been selected to give key books reviews with extensive bibliography and important articles over the past 10 years From this reading list it is possible to trace most of the literature on the vitamins since they were first described over half a century ago Diet and Health National Research Council, Division on Earth and Life

Studies, Commission on Life Sciences, Committee on Diet and Health, 1989-01-01 Diet and Health examines the many complex issues concerning diet and its role in increasing or decreasing the risk of chronic disease It proposes dietary recommendations for reducing the risk of the major diseases and causes of death today atherosclerotic cardiovascular diseases including heart attack and stroke cancer high blood pressure obesity osteoporosis diabetes mellitus liver disease and dental caries **Current Catalog** National Library of Medicine (U.S.), 1979 First multi year cumulation covers six years 1965-70 PSRMLS Resource Libraries Union List of Serials, 1989 **Region Seven (NN/LM) Resource Libraries**
