Creating A Life With God:

Creating Life in the Lab Fazale Rana, 2011-02-01 Each year brings to light new scientific discoveries that have the power to either test our faith or strengthen it most recently the news that scientists have created artificial life forms in the laboratory If humans can create life what does that mean for the creation story found in Scripture Biochemist and Christian apologist Fazale Rana for one isn't worried In *Creating Life in the Lab* he details the fascinating quest for synthetic life and argues convincingly that when scientists succeed in creating life in the lab they will unwittingly undermine the evolutionary explanation for the origin of life demonstrating instead that undirected chemical processes cannot produce a living entity

Sermons on the Life of Christ Samuel Ware Fisher, 1877 *The Knowledge of Life* Witness Lee, 1987-06-01 In *The Knowledge of Life* Witness Lee illuminates the path that leads to life beginning with regeneration and advancing to knowing and living according to the inward sense of life *The Knowledge of Life* provides an excellent foundation for the genuine experience of Christ and a helpful introduction to Witness Lee's companion book *The Experience of Life* *What's Really Going On?* Peter Durbin, 2024-03-19 Is the end near I have documented in this book what happened before the earth was created and how it has developed into its current state I continue with a chronological summary of the almost 6000 years since mankind has occupied the earth and explore the forces that have caused many of the world's battles including the past and current wars in the Middle East This book also compares the historic fall of Israel to the potential downfall of the United States and discusses the real reasons we are having the climate change debate and how this is being used as a platform for world control I explore how the powerful World Economic Forum is organising a total world reset of many of the things that we hold dear The book provides a potential timeline of when the end times may commence and the detailed logic behind this reasoning I also provide an in-depth analysis of the end times and the devastation that is ahead of us Is it probable that this will occur within the next decade I believe that this is essential reading for all who are interested in understanding what the future holds for yourself your family and for all of humanity **THE UNITED METHODIST FREE CHURCHES'**
