**Community-Centered School Leadership** Gwen Agna, 2025 Written by a successful elementary school principal, this book sheds light on everyday practices and shares practical strategies that support leaders' growth and commitment to equity. The author chronicles her formative years, education, and 24 years of experience as a principal, reflecting on the critical role of school leadership in the age of accountability and a political environment that influences the work of educators. Agna uses examples of social justice pedagogy to show how a principal's role and responsibilities can be adapted to include being a change agent as well as real life stories that illustrate how leadership is manifest in a school committed to antibias education. This lifetime journey has been defined by a commitment to developmentally appropriate, inclusive, and antiracist practices to improve education for all children. Readers will come to appreciate the awesome power of the principal to shape, influence, support, and change a school. **Book Features:** An insider view of how childhood and educational experiences shape the educator and how to lead without compromising your principles and ethics. In *Bullying, Suicide, and Homicide*, Butch Losey challenges this viewpoint, arguing that bullying is not a part of childhood development but rather an aberrant behavior that for the victim can lead to adverse decisions such as suicide and homicide. He provides a detailed understanding of the relationship between bullying, suicide, and homicide and an assessment and response strategy that can be utilized by mental health professionals who work with children and adolescents. This strategy involves a three-stage ecological approach: screening to identify warning signs for bullying, depression, suicide, and violence by means of the Bullying Lethality Identification System (BLIS) developed by Losey.
