The Wild Woman's Way Michaela Boehm, 2021-11-09

Discover how to create and enjoy a pleasure filled and meaningful life with this practical tantra handbook for the high achieving modern woman. For women today achieving a successful career, a fulfilling romantic relationship and a rewarding personal life can feel like opposing goals leaving their deepest yearnings just beyond reach. It has even become difficult to enjoy the simplest pleasures of our lives. We are stuck in go mode damaging our romantic relationships, pleasure and creativity. But what if there were a way to experience the simplest pleasures of our lives on a deeper level, freeing the body and psyche from these damaging patterns? Beyond our current stereotypes about femininity lies the ancient wisdom of the Wild Woman archetype, a model of building a feminine body intelligence. By embodying this archetype and using tantra not just in the bedroom but also to build intimate connections to our senses and physical movements, bringing bliss to smaller or more mundane activities like taking a sip of tea or walking down the street, we can break harmful psychological patterns. In *The Wild Woman's Way*, Michaela Boehm shares practical rituals and exercises drawn from years of experience as a celebrity relationship and life counselor and an expert in tantric yoga. She reveals the power of different types of touch while also training you in forms of meditation and stretching that increase activity and sensual pleasure. Soon you will learn to switch effortlessly between the aggressive go mode required to compete successfully at work and the feminine flow mode of softness and receptivity. By harnessing the duality of the Wild Woman, you will attract and inspire meaningful relationships with romantic partners, your own body and with life itself.

Irish women's magazines Published in 1960s Ireland during a period of transformation they served as modern manuals for navigating everyday life Traditional themes dating marriage and motherhood dominated But editors also introduced conflicting voices to complicate the narrative Readers were prompted to reimagine their home life and traditional values were carefully subverted The domestic was shown to be a negotiable concept in the coverage of such issues as the body and reproductive rights working wives and equal pay Dominant societal perceptions of women were also challenged through the inclusion of those who were on the margins widows unmarried mothers and never married women This book considers the motivations of editors the role of readers and the influence of advertisers in shaping complex debates about women in society in 1960s Ireland
