**Scientific Memoirs of Thomas Henry Huxley** Thomas Henry Huxley,1903      *Evolution Dissected* Fredric P. Nelson,2003  
Evolution Dissected separates biological evolution into distinct categories and examines the characteristics of each category  
The vast majority of scientific data concerning biological evolution refers to the alteration of existent and functional DNA and  
pertains to only one of the categories of evolution Each of the remaining categories of biological evolution encompasses a  
unique set of mechanisms for the origin of functionally new information within the DNA molecule The complexity of the  
origin of this new information is many many orders of magnitude greater than the complexity of the alteration of existent  
information Two categories of biological evolution lack unique supporting scientific data and are found to be highly irrational  
scientific hypotheses As you work your way through the pages of Evolution Dissected you will discover what could be and  
what could not be the basis for biological evolutionary change Evolution Dissected is a must read for all high school and
