Confidential 2 Pamela Wissman, Stefanie Laufersweiler, 2012-05-04 More secrets from the private sketches of 38 master artists The idea may be derived from anything really a flash of sunlight the tilt of a head a glass on the table but the sketch is where it all begins the point where inspiration meets artist Gloriously free of the need to get it right the sketch is where possibilities are explored compositions are found and visions come to life A brilliant follow up to the first Sketchbook Confidential this book grants you access to 38 of art s most creative minds via their sketchbooks Whether created in studios subways or the middle of a farmyard these sketches represent art in its raw form Up until now this work has been tucked inside drawers or on studio bookshelves Now the artists lay it out for all to see along with intimate musings on the art of sketching and how it helps them commune with a subject find their path to a finished piece or discover even greater rewards in the journey itself *Bloom* Janice Mason Steeves, 2023-10-12 BLOOM is a call to action for those individuals not only in a later phase of life but at any age who feel the call to pursue a creative path in their lives The pressures of the modern world force many into utilitarian careers early on Artistic impulses lie unfulfilled dormant For some at a certain point there comes an ache in the bones a deep longing for creative expression a simultaneous sense of emptiness and overflowing feeling This

was the case for the author Janice Mason Steeves who left a career in psychology to pursue art in her forties She went back to school graduated from the Ontario College of Art and Design and went on to develop an international art career an art consulting practice and a highly sought after travel workshop business Weaving together insights from her own art experience with the stories of 138 artists over the age of sixty whom Janice surveyed for the book Bloom offers guidance inspiration and support for the often difficult and misunderstood desire to change trajectory and take up a path of creativity and meaning Mason Steeves then takes these observations a step further suggesting that not only is it possible to come to art later in life and be successful as an artist but that the distillation of life experience and self knowledge gleaned from the artist s path may enable older artists to step into an even larger role that of a community elder The elder role acquired in this case through art but existing beyond art is essential in our society providing stability and depth wisdomkeeping space holding and care taking in Bill Plotkin s words for the very soul of the world
