**Give not Take** Simone Janson, 2025-11-17. Also in the 8th revised and improved edition published by a government funded publisher involved in EU programs and a partner of the Federal Ministry of Education, you receive the concentrated expertise of renowned experts overview in the book preview embedded in an integrated knowledge system with premium content and 75% advantage. At the same time you do good and support sustainable projects. Because especially introverted and highly sensitive people find it difficult to maintain the right balance, a healthy balance between giving and taking in their everyday work. Often they are the hard working worker bees with an open ear for the needs of their colleagues but they forget to enforce their own wishes and remain invisible. However, this is indispensable for professional success because only those who make themselves noticed will be noticed by bosses and customers. The key to success is self-love, but empathisers often mistake self-care, i.e. taking care of one's own well-being, for selfishness. The right balance between giving and taking is so important. This book shows how to do this. Knowledge that makes a difference. With its information on Demand concept, the publisher was not only involved in an EU funded program but also received several awards. So when you buy the book, you are also doing good. The publisher is financially and personally committed to socially relevant projects such as tree planting campaigns, scholarship foundations, sustainable living, and many other innovative ideas. The goal of providing you with the best possible content on topics such as career, finance, management, recruiting, or psychology goes far beyond the static nature of traditional books. The interactive book not only imparts expert knowledge but also allows you to ask individual questions and receive personal advice. In doing so, expertise and technical innovation go hand in hand as we take the responsibility of delivering well-researched and reliable content as well as the trust you place in us very seriously. Therefore, all texts are written by experts in their field. Only for better accessibility of information, do we rely on AI supported research results to a limited extent to make information easier to find, which assists you in your search for knowledge. You also gain extensive premium services. Each book includes detailed explanations and examples, making it easier for you to successfully use the consultation services freely available only to book buyers. Additionally, you can download e-courses, work with workbooks, or engage with an active community. This way, you gain valuable resources that enhance your knowledge, stimulate creativity, and make your personal and professional goals achievable and successes tangible. That's why, as part of the reader community, you have the unique opportunity to make your journey to personal success even more unforgettable, with travel deals of up to 75% off.
