Harness the Email Writing Process is a book written specifically for people who want to improve their email writing skills and abilities. This book is based on a business writing course that I teach for University of Toronto continuing education students and corporate clients. The course is based on Harness the Business Writing Process, a book that covers writing email messages, letters, reports, and proposals, web content, and several other documents. Harness the Email Writing Process is for you if you are looking to become a more effective and efficient email writer, a person who makes your points in a clear, concise, focused manner and gets readers to take clearly defined action by a specific date. When it comes to email writing, this book will get you grounded and focused, especially if you often feel as if you're spinning your wheels by having you think about your topic, purpose, and audience before you write. Then the book will then help you organize and write simple and complex email messages in a well-structured, focused, clear, and concise manner.
