*Christian Pilgrimage in Modern Western Europe* Mary Lee Nolan, Sidney Nolan, 2018-06-15 Christian Pilgrimage in Modern Western Europe is a commanding exploration of the importance of religious shrines in modern Roman Catholicism. By analyzing more than 6 000 active shrines and contemporary patterns of pilgrimage to them the authors establish the cultural significance of a religious tradition that today touches the lives of millions of people. Roman Catholic pilgrimage sites in Western Europe range from obscure chapels and holy wells that draw visitors only from their immediate vicinity to the world famous often thronged shrines at Rome Lourdes and F tima. These shrines generate at least 70 million religiously motivated visits each year with total annual visitation exceeding 100 million. Substantial numbers of pilgrims at major shrines come from the Americas and other areas outside Western Europe. Mary Lee Nolan and Sidney Nolan describe and interpret the dimensions of Western European pilgrimage in time and space a cultural geographic approach that reveals regional variations in types of shrines and pilgrimages in the sixteen countries of Western Europe. They examine numerous legends and historical accounts associated with cult images and shrines showing how these reflect ideas about humanity divinity and environment. The Nolans demonstrate that the dynamic fluctuations in Christian pilgrimage activities over the past 2 000 years reflect socioeconomic changes and technological transformations as well as shifting intellectual orientations. Increases and decreases in the number of shrines established coincide with major turning points in European history for pilgrimage no less than wars revolutions and the advent of urban industrial society is an integral part of that history. Pilgrimage traditions have been influenced by and have influenced science literature philosophy and the arts. *Christian Pilgrimage in Modern Western Europe* is based on ten years of research. The Nolans collected information on 6 150 shrines from published material correspondence with bishops and shrine administrators and interviews. They visited 852 Western European shrines in person. Their book will be of interest to many general readers and of special value to historians cultural geographers students of comparative religion anthropologists social psychologists and shrine administrators.

*Marian Apparitions in Cultural Contexts* Valeria Céspedes Musso, 2018-10-03 *Marian Apparitions in Cultural Contexts* provides an analysis of collective phenomena specifically mass visions of the Virgin Mary from a psychoanalytical perspective. It draws from Jung's compensation theoretical model with the aim of merging depth psychology and historical material from the Zeitoun case. Offering an original interpretation of this phenomenon from a Jungian psychological perspective the book provides stimulating insights to any person interested in these supernatural events whether general readers with active curiosity or scholars with broad intellectual interests. A review of the literature points to a prevailing socio political approach to examining visions of the Virgin Mary while a psychoanalytical approach is generally lacking. Musso draws from Jung's compensation theoretical model in *Flying Saucers* with the aim of merging depth psychology and historical material. Common themes and symbols are extracted and interpreted from the empirical material and analyzed along with Egyptian social and

political data The book concludes with a discussion on how depth psychological principles grounded in empirical and historical material could be applied in order to explicate cases of mass visions An original interdisciplinary exploration of cultural phenomena Marian Apparitions in Cultural Contexts will be of value to academics and students in the fields of psychoanalysis analytical psychology political science and religious studies This book will also be of interest among Jungian scholars and practitioners in applications of depth psychology to cultural phenomena **Pilgrimage and Holy Space in**
