Christian Beginnings Morton Scott Enslin, 1956 **Christian Origins and the Establishment of the Early Jesus Movement** Stanley E. Porter, Andrew W. Pitts, 2018-08-07 Christian Origins and the Establishment of the Early Jesus Movement explores the events people and writings surrounding the founding of the early Jesus movement in the mid to late first century The essays are divided into four parts focused upon the movement's formation the production of its early Gospels description of the Jesus movement itself and the Jewish mission and its literature This collection of essays includes chapters by a global cast of scholars from a variety of methodological and critical viewpoints and continues the important Early Christianity in its Hellenistic Context series **Europe: A Philosophical History, Part 1** Simon Glendinning, 2021-07-14 Europe is inseparable from its history That history has been extensively studied in terms of its political history its economic history its religious history its literary and cultural history and so on Could there be a distinctively philosophical history of Europe Not a history of philosophy in Europe but a history of Europe that focuses on what in its history and identity ties it to philosophy In the two volumes of Europe A Philosophical History The Promise of Modernity and Beyond Modernity Simon Glendinning takes up this question telling the story of Europe's history as a philosophical history In Part 1 The Promise of Modernity Glendinning examines the conception of Europe that links it to ideas of rational Enlightenment and modernity Tracking this self understanding as it unfolds in the writings of Kant Hegel and Marx Glendinning explores the transition in Europe from a conception of its modernity that was philosophical and religious to one which was philosophical and scientific While this transition profoundly altered Europe's own history Glendinning shows how its self confident core remained intact in this development But not for long This volume ends with an examination of the abrupt shattering of this confidence brought on by the first world wide war of European origin and the imminence of a second The promise of modernity was in ruins Nothing for Europe would ever be the same again Part 2 Beyond Modernity is available now from Routledge ISBN 9781032015828 *Rudiments of Christian History* Michael Petruzzelli, 2021-07-02 Rudiments of Christian History An Outline of Persons Events and Teachings is written in the format of an informal outline which presents a summary of some of the major topics of the two thousand year span of Christian history The author provides various interpretations of causal relationships of key events along with insight regarding historical persons who significantly impacted the course of Christian history and a concise explanation of basic Christian teachings and various Christian theologies A wide scope of citations from primary sources and modern and contemporary scholars both Christian and secular provides factual informativeness and in depth insight regarding the events teachings and persons involved in the unfolding of Christian history This volume contains an extensive bibliography and clear and readily accessible reference information to the outside works that are cited [Christian beginnings](#) Morton Scott Enslin, **The Routledge Companion to the Christian Church** Gerard Mannion, Lewis S.
