Pilgrimage Into God Sicco Claus, 2023-04 Pilgrimage into God A Study of John Main's Meditation Oriented Spirituality is a comprehensive investigation of the heritage of the Benedictine monk John Main 1926-1982 This founder of a worldwide movement for Christian meditation understands meditation as an intentional transcending of all mental processes Contrary to popular opinion which associates meditation uniquely with Eastern traditions Main considers meditative practice to be essential and central to Christian faith This study not only explores Main's views on practice but also looks into his theology his understanding of spiritual growth and the ideal contexts for achieving such growth It does this by critically situating Main's spiritual teaching within the Christian tradition and exploring its relation to Charles Taylor's interpretation of the modern spiritual condition This study also aims at exploring how Main's heritage may contribute to illuminating Christian spiritual life today Canadian Books in Print. Gurdjieff Pierre Teilhard de Chardin Aurobindo Ghose Max Planck and David Bohm The author also shares insights from her own personal practices for consciousness exploration which include prayer mantra emptying the mind psychedelics yoga and visualization of interior physiology Offering a structural map of the dynamics of consciousness Joye reveals that one can develop new ways of tuning and directing consciousness to reach extraordinary modes of being and intense levels of lucid awareness the requisites for the direct exploration of supersensible dimensions and sailing in the ocean of consciousness Canadian Books in Print, 2003 Canadian Books in Print 2002 Edited by Butler Marian, Marian
