Christian Morality Raymond F. Collins,1986 **Exploring Christian Ethics** Kyle D. Fedler,2006-01-02 Adopting a unique approach among introductions to Christian ethics Kyle Fedler's *Exploring Christian Ethics* guides students through the moral decision making process by providing foundational material in both ethical theory and biblical ethics First Fedler introduces the reader to the discipline of ethics then he explores the ways Scripture can be used responsibly in Christian ethics and finally he presents and analyzes the sections of Scripture that have been most influential in Christian morality and ethics *Biblical Foundations and a Method for Doing Christian Ethics* Elton M. Eenigenburg,1993-01-01 Elton Eenigenburg explores the field of Christian Ethics while developing an effective method for utilizing the Bible to confront contemporary problems A delicate balance is achieved between theoretical and practical religious functions supported by a thorough biblical base The author demonstrates that Christian Ethics the ideal moral behavior stems from an understanding of defined biblical foundations and that a reliable method can be employed to locate the biblical data that assists in problem solving *The Moral Quest* Stanley J. Grenz,2016-09-27 Stanley J Grenz masterfully leads readers into a theological engagement with moral inquiry that is a first rate introduction to Christian ethics *Biblical Ethics / The Moral Foundations of Life / The Philosophy of Sin* Oswald Chambers,2015-03-23 This three in one volume by Oswald Chambers recognized as an intimate companion of God substantiates the very basis of the Christian faith He upholds the moral and spiritual standing of Christians despite challenges from today's secular skeptical and lawless rationalists Here Chambers addresses the human needs to recognize the ethical demands of Scripture and he challenges readers to act as Jesus did in the power of His Spirit Throughout these pages he upholds the ethical principles of the Christian life by promoting Christian thinking that leads to godly behavior *Christian Ethics and the Church* Philip Turner,2015-09-29 This book introduces Christian ethics from a theological perspective Philip Turner widely recognized as a leading expert in the field explores the intersection of moral theology and ecclesiology arguing that the focus of Christian ethics should not be personal holiness or social reform but the common life of the church A theology of moral thought and practice must take its cues from the notion that human beings upon salvation are redeemed and called into a life oriented around the community of the church This book distills a senior scholar's life work and will be valued by students of Christian ethics theology and ecclesiology *The Making of an African Christian Ethics* Wilson Muoha Maina,2016-07-13 An exploration of the development of a contextualized Roman Catholic moral theology in an African context is warranted in our day This book is a study of the work of Benezet Bujo an African moral theologian An analysis of Bujo's work shows the various aspects of an African Catholic moral theology Bujo's work is viewed here as critically bridging African moral theology and the development of moral theology in the Catholic Church especially in the West An African moral theology in this work builds on the elements of the renewal of moral theology after the Second Vatican Council The renewal elements reflected in Bujo's work and other African Catholic theologians include

among others the use of Scripture the relevance of history the debate on moral norms the relevance of social sciences to moral discourse the theory of natural moral law and the relation between the theologian and the magisterium This work therefore locates the theology of Bujo in the development of moral theology after the Second Vatican Council The author establishes a relation between African traditional religions African history Christology natural moral law moral autonomy debate the encyclical Veritatis Splendor and political liberation theological ethics Dictionary of Scripture and Ethics Joel B. Ogletree, 2003-01-01 In this book Thomas Ogletree seeks to establish common ground between biblical understandings and contemporary ethical inquiry Drawing upon phenomenological investigations he criticizes and modifies some of the most prominent conceptions of ethics and moves toward a more coherent and comprehensive ethical theory Guided by this theory he critically engages selected biblical treatments of the moral life placing special emphasis on biblical accounts of eschatology in its import for the ordered life of emerging Christian communities **The Bible and Catholic Theological Ethics** Chan, Yiu Sing Lucas, Keenan, James F., Zacharias, Ronaldo, 2017-05-18 **The Oxford Handbook of Religious Perspectives on Reproductive Ethics** Davis, 2023 As I write this introduction the third season of the Israeli series Schtisel has arrived on Netflix eagerly awaited by viewers around the world who would never have imagined how caught up they would get by this family drama of four generations of ultra Orthodox Jews living in Jerusalem One episode focuses on Ruchami and Hanina a young couple who have been married for five years but without children It turns out that pregnancy and childbirth would threaten Ruchami's life She is using an IUD but she keeps threatening to have it removed risking her life to become a mother Finally with great reluctance Hanina visits the rebbe the spiritual authority in their community to discuss the possibility of using a surrogate They are says the rebbe caught between two non ideal situations surrogacy normally forbidden is non ideal but so is Ruchami's unhappiness and the possibility that she might go ahead and take the risk which is also forbidden **The New Testament and Bioethics** R. Dennis Macaleer, 2014-01-01 Beauchamp and Childress's Principles of Biomedical Ethics is a well accepted approach to contemporary bioethics Those principles are based on what Beauchamp and
