Christian Zen:

Christian Zen William Johnston, 1997 When Christian Zen was first published in the early 1970s it was reviewed enthusiastically in many parts of the world. A subsequent edition added new material from the author's experience. This latest edition from Fordham University Press includes a new Preface by the author and a letter to the author from the Christian mystic Thomas Merton written shortly before Merton's untimely death. William Johnston presents a study of Zen meditation in the light of Christian mysticism.

Zen and the Kingdom of Heaven Tom Chetwynd, 2001-03 Using the teachings of Christ and the writings and stories of Christian spiritual masters, Chetwynd delves into the history of the tradition of meditation within Christianity. Zen the Kingdom of Heaven offers provocative insights into the role of meditation in the East and the West.

Existentialism and Christian Zen A William McVey, 2012-10-26 It is a small book written for readers without an in-depth background in philosophy, especially existentialism. It is an examination of the interface between Christian meditation and Zen Buddhism. It is contextual and as of yet I have not included the meditation workshop book that I use when I am giving workshops on Christian Zen meditation. Presently it is really in the format of an in-depth essay. The style is similar to one of your publications that had led me to your site, i.e. *Emotion and Psyche* by Marc Jackson. I have presented this workshop also on college campuses in the Midwest and it was received well. It helps greatly clarify the nature of a promising and practical dialogue between Christian existentialism and the practice of Zen.

Christian Zen, 2003 A study of the Gospel of Thomas exploring what Jesus was really like and what he stood for. It demonstrates that Jesus's teaching is akin to Zen in that it has an emphasis on direct seeing rather than endless cognition.

Zen Spirit, Christian Spirit Robert Kennedy, 1995-06-01 Kennedy shows other Christians a way of integrating Zen Buddhism and Christian belief. He does this convincingly and gracefully by weaving together Zen poetry and koans, Western poetry and literature, scriptural texts and personal experience. National Catholic Reporter.

Zen for Christians Kim Boykin, 2018-06-13 No prior knowledge of Zen philosophy is necessary for this reader-friendly guide which offers Christians a way to incorporate contemplative practices into their lives without compromising their beliefs.

Journeys East Harry Oldmeadow, 2004-04-28 This is the first book to treat the impact of religious, philosophical and psychological traditions of the East on Western intellectuals, artists, travellers and spiritual seekers in the twentieth century. Addressed to both general readers and scholars of religion, it is especially valuable for its penetrating and inter-religious analysis of two of the most compelling themes now facing the world: the emergence of cross-cultural religious understanding of the natural order and ecological crisis and the metaphysical basis for both the formal diversity and essential unity of religious traditions of both East and West. The West has long romanticized the mysterious East but it has also judged its traditions as uncivilized. Our notions about Eastern spirituality have been formed by a succession of travellers, scientists, artists, intellectuals, poets, philosophers and missionaries as well as by Eastern travellers who have spent time in the West. This book helps us to recognize the influence of Eastern ideas upon modern Western

thought by tracing the history of engagements between East and West up until the present day It concludes with a section that helps us to perceive the timeless value of the many Eastern contributions to the West's current intellectual and spiritual state

Encyclopedia of Monasticism William M. Johnston, 2013-12-04 The two volume Encyclopedia of Monasticism describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e.g art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture

Zen Spirit, Christian Spirit Robert Kennedy, 2020-05-05 A new revised edition of the classic title on Zen and Christian living Zen Spirit Christian Spirit is a study of the intersection between Zen Buddhism and Christianity Robert Kennedy explores how Zen can help us to live deeper lives and how we can return from a study of Zen to a more profound understanding of Christian living and practice What I looked for in Zen says the author was not a new faith but a new way of being Catholic that grew out of my own lived experience and would not be blown away by authority or by changing theological fashion Kennedy is unique in being competent in both Catholic and Zen practice and who responds to people who are drawn to this form of prayer and life This is a refreshingly simple but also most beautiful book

Religious Truth and Identity in an Age of Plurality Peter Jonkers, Oliver J. Wiertz, 2019-08-05 This book deals with the intellectual aspects of having diverse religious expressions in proximity and the socio political consequences It provides a multi disciplinary perspective on this complex subject cross fertilizing work on religious plurality with truth claims from theologians as well as philosophers from the continental and analytic traditions The book includes three major parts Part 1 explores the ideas around religious diversity and truth Part 2 draws out the epistemic import of religious diversity and Part 3 concludes the volume by examining the practical and social aspects of religious diversity Bringing a transdisciplinary perspective to a topic that remains at the forefront of conversation around the religious life of the world this book will be of great interest to scholars of Religious Studies Theology and the Philosophy of Religion

Christian - Zen Dialogue Jijimon Alakkalam Joseph SVD, 2021-09-07 This book is an attempt to contribute to interfaith dialogue initiatives spearheaded by the Catholic Church with Zen one of the major and fast growing spiritual traditions in East Asia In recent years the Catholic Church has emphasized the importance of interfaith dialogue in its missionary activities and has encouraged all to take part actively The number of conferences organized discussions held and articles written on interfaith dialogue has escalated However interfaith dialogue remains mostly in the realm of specialists The majority of ordinary believers laity have not yet become part of interfaith dialogue activities Many are

unaware of such activities because often they don't take place where ordinary people spend their daily lives Others shy away because interfaith dialogue activities are too specialized But Joseph's experience growing up in a multireligious context in India taught him that the participation of ordinary believers is necessary if interfaith dialogue is to achieve its intended results Christian Zen Dialogue focuses on narratives of faith in Christianity and Zen Can these sacred stories gospel stories of Jesus and Chan Zen stories K_ans be a starting point for dialogue between the two faiths The book focuses on two aspects First what model of interfaith dialogue can help Catholics and Zen followers of all walks of life engage in faith dialogue while remaining in their own life situations Second how can they make use of the common elements found in their narratives of faith as the most appropriate starting point for dialogue between them To achieve the intended results Joseph applies the hermeneutic phenomenological approach of Paul Ricoeur **Encyclopedia of Monasticism: A-L** William M. Johnston, 2000 First published in 2000 Routledge is an imprint of Taylor Francis an informa company **The Mystic Heart** Wayne Teasdale, 2010-10-06 Drawing on experience as an interreligious monk Brother Wayne Teasdale reveals the power of spirituality and its practical elements He combines a profound Christian faith with an intimate understanding of ancient religious traditions *The Mirror Mind* William Johnston, 1990 Examines contemporary problems of Christianity and shows how tenets of Eastern wisdom and Zen meditation can be combined with Christian teachings and prayer as a means toward self realization and fulfillment **Silent as Light** Robert Marsh Cooper, 1972 **Missionalia** , 1984 **Zen and Christian, the Journey Between** John Dykstra Eusden, 1981 **The Japan Christian Year Book** , 1908 *Liberty* , 1912 History of Bucks County, Pennsylvania William Watts Hart Davis, 1905
