Glanzer, 2013-10-28 In 1975 Arthur F Holmes published *The Idea of a Christian College* At the time he could not have imagined his book would gather such a large following This work's thoughtful yet accessible style made it a long standing choice for reading lists on Christian college and university campuses across the country and around the world Countless numbers of first year students have read and discussed his book as part of their introduction to the Christian college experience However enough has changed since 1975 in both the Church and Academy to now merit a full scale reexamination In this book Todd C Ream and Perry L Glanzer account for changes in how people view the Church and themselves as human agents and propose a vision for the Christian college in light of the fact that so many Christian colleges now look and act more like research universities Including topics such as the co curricular common worship and diversity Ream and Glanzer craft a vision that strives to see into the future by drawing on the riches of the past First year students as well as new faculty members and administrators will benefit from the insights in this book in ways previous generations benefitted from Arthur Holmes's efforts

China's Christian Colleges Daniel Bays, Widmer, 2009-02-27 *China's Christian Colleges* explores the cross cultural dynamics that existed on the campuses of the Protestant Christian colleges in China during the first half of the twentieth century Focusing on two way cultural influences rather than on missionary efforts or Christianization these campuses most of which were American supported and had a distinctly American flavor were laboratories or incubators of mutual cultural interaction that has been very rare in modern Chinese history In this Sino foreign cultural territory the collaborative educational endeavor between Westerners and Chinese created a highly unusual degree of cultural hybridity in some Americans and Chinese The thirteen essays of the book provide concrete examples of why even today more than a half century after the colleges were taken over by the state long lasting cultural results of life in the colleges remain Choose a Christian College Christian College Coalition (U.S.), Peterson's Guides Staff, 1994 The most comprehensive guide of its kind features updated information that students need for informed decision making enrollment statistics denominational affiliation admissions procedures majors offered highlights of campus life athletic programs tuition financial aid options and much more

opportunities and contemporary challenges of one distinct type of educational institution the Christian college What distinguishes *Conceiving the Christian College* from the many other books on this subject is its incisive discussion of a set of crucial ideas widely misunderstood in the world of Christian higher education Now serving in his eleventh year as president of one of the nation's foremost Christian colleges Duane Litfin is well placed to ask pressing questions regarding faith based education What is unique about Christian colleges What is required to sustain them How do they maintain their bearing in the tumultuous intellectual seas of the twenty first century Litfin's themes are large but they are meant to refocus the conceptual challenges to Christian education in ways that will strengthen both the academic environment of today's Christian colleges and their impact on culture at large *Already Compromised* Dr. Greg Hall, Steve Ham, Todd Hillard, 2011-05-01 Will a Christian college build a student's faith or tear it down Parents and students sacrifice large sums of money for a Christian college education Why They are purchasing a guarantee their child's faith in God and the Bible will be guarded and developed But is the Bible being taught Will they graduate believing in the inerrancy of Scripture the Flood of Noah's Day and a literal six day creation Apologetics powerhouse Ken Ham and Dr Greg Hall reveal an eye opening assessment of 200 Christian colleges and universities In an unprecedented 2010 study by America Research Group college presidents religion and science department heads were polled on critical areas of Scripture and core faith questions Ken Ham is an accomplished author of some of the most popular and effective apologetics research on the market He is the founder of *Answers in Genesis U S* and the president of the Creation Museum I have no doubt that the average church member would be shocked and outraged to discover how many supposedly evangelical colleges and universities have more or less given up their commitment to biblical inerrancy and the authority of Scripture especially when dealing with the early chapters of Genesis I'm grateful for this important work by Ken Ham and Greg Hall documenting the many compromises that have ravaged the Christian academy *Already Compromised* is a much needed wake up call and a summons to arms for faithful courageous Bible believers We need to stand up declare our faith and defend the truth of Scripture courageously The stakes are high and the battle may be more fierce than ever but God will bless those who honor His Word May He bless us with clear unwavering voices John MacArthur *Opening the Red Door* John A. Bernbaum, 2019-09-17 After the Berlin Wall fell a group of Christian colleges in the U S seized the opportunity to help build a faith based university in Moscow Told by the school's founder and president this is the story of the rise and fall of the first accredited Christian liberal arts university in Russia's history offering unique insight on Russia's post communist transition and the construction of a cultural educational bridge between the two superpowers *Christian Colleges & Universities*, 2000 **Christian Colleges and Universities** Peterson's Publishing, 2002-07 This is the official guide to member schools of the Council for Christian Colleges Universities
