Christian Community in History Roger Haight, 2004 E F G H I J K L M N O P Q R S T U V W Y Z The Christian Society Stephen Neill, 2022-01-27 In The Christian Society one of the great Christian commentators of the twentieth century describes how the Church came to be a society The past relationship between the missionary church and the pagan cultures it replaced is discussed alongside more recent delicate ecumenical relationships and the ongoing conflict between the church and atheism Stephen Neill's perceptiveness as a historian is shown in his masterful summary of the church's story from the days of Jesus to his own time Meanwhile his experience as a missionary and ecumenist comes to the fore as he demonstrates how the unity of the church is integral to its place in modern society and its power to create a society Throughout his approach is empirical and he considers all who have claimed the Christian name without making preliminary judgements as to their orthodoxy or their standing within the general body of Christian people The result is a comprehensive depiction of Christianity as a social phenomenon that is as relevant today as when it was written **The 49 Purposes of the Christian Church** Bishop Earnest L. Palmer, 2017-02-06 The Christian Church has transformed itself many times since its tenets took root and after the mostly violent deaths of the original apostles Consequently the contemporary church may resemble the original intent of its apostolic fathers only slightly and may have subsequently assumed an identity and life of its own The original footprint of the first century church could not easily fit the church as it has evolved after coming through reformations denominations attacks by rival religions and the tactics and tenets of Christian zealots theological debates and fairly exhaustive apologetics The intent of this book is to navigate the reader through the murky waters of theological distortions and religious bias to the calmer and clearer seas of divine intent and purpose The 49 Purposes of the Christian Church is not a comprehensive treatise on the purposeful design of the Christian Church from any denominational bias or perspective however it does lend itself to the basics of evangelism and congregational order as defined or implied in New Testament scripture Bishop Earnest L. Palmer *The Doctrine of the Church and Christian Reunion* Arthur Cayley Headlam, 1920 History of the Christian Church: A.D. 1-600, translated by Andrew Rutherford. [2d ed] Wilhelm Möller, 1892 The Routledge Companion to the Christian Church Gerard Mannion, Lewis S. Mudge, 2007-12-12 Written by an international team of distinguished scholars this comprehensive book introduces students to the fundamental historical systematic moral and ecclesiological aspects of the study of the church as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues *Christian Life and Practice in the Early Church* Edmond Déhault de Pressensé, 1877 **Ten Lectures on Orthodoxy and Heresy in the Christian Church** Edward Henry Hall, 1883 **The Spirit of Power as Seen in the Christian Church of the Second Century** Ernest Arthur Edghill, 1910 *The Scripture Doctrine of the Church, Historically and Exegetically Considered* David Douglas Bannerman, 1887 *The Christian Work and the Evangelist*, 1906 *The early Church, by D.
