Pulpit and Press Mary Baker Eddy, 2016-02-11 This volume contains scintillations from press and pulpit utterances which epitomize the story of the birth of Christian Science in 1866 and its progress during the ensuing thirty years Three quarters of a century hence when the children of to day are the elders of the twentieth century it will be interesting to have not only a record of the inclination given their own thoughts in the latter half of the nineteenth century but also a registry of the rise of the mercury in the glass of the world's opinion It will then be instructive to turn backward the telescope of that advanced age with its lenses of more spiritual mentality indicating the gain of intellectual momentum on the early footsteps of Christian Science as planted in the pathway of this generation to note the impetus thereby given to Christianity to con the facts surrounding the cradle of this grand verity that the sick are healed and sinners saved not by matter but by Mind and to further scan the features of the vast problem of eternal life as expressed in the absolute power of Truth and the actual bliss of man's existence in Science MARY BAKER EDDY February 1895

Over Earth's Troubled Angry Sea: The History of Christian Science in the United States will appeal to Christian Scientists, kindred spirits in the metaphysical world, anyone interested in religion, and those who read social history. Each chapter is suitable for group discussions and for undergraduate or graduate classes. Provided by publisher. God's Perfect Child Caroline Fraser, 2024-06-04. From the Pulitzer Prize winning author the most powerful and persuasive attack on Christian Science to have been written in this century. Los Angeles Times Book Review. Millions of Americans from Lady Astor to Ginger Rogers to Watergate conspirator H. R. Haldeman have been touched by the Church of Christ Scientist. Founded by Mary Baker Eddy in 1879, Christian Science was based on a belief that intense contemplation of the perfection of God can heal all ills, an extreme expression of the American faith in self-reliance. In this unflinching investigation, Caroline Fraser herself raised in a Scientist household shows how the Church transformed itself from a small eccentric sect into a politically powerful and socially respectable religion and explores the human cost of Christian Science's remarkable rise. Fraser examines the strange life and psychology of Mary Baker Eddy. She takes us into the closed world of Eddy's followers who refuse to acknowledge the existence of illness and death and reject modern medicine even at the cost of their children's lives. She reveals just how Christian Science managed to gain extraordinary legal and Congressional sanction for its dubious practices and tracks its enormous influence on new age beliefs and other modern healing cults. A passionate exposé of zealotry. God's Perfect Child tells one of the most dramatic and little known stories in American religious history. A work of impassioned rationality, important and profoundly disturbing. Susan Jacoby, Newsday. New Startling. Fraser has an eye and ear for the kind of detail that can help readers make up their own minds about an always controversial American religious expression. Martin Marty, The Boston Globe. Splendid. The New York Times. Science and Health with Key to the Scriptures Mary Baker Eddy, 2018-08-24. The primary text of Christian Science, this book explains the beliefs and doctrines and offers many examples of faith as source of healing energy for true believers. Written by Mary Baker Eddy in the 1870s, the work coins several recognizable terms such as God is all and God is mind. These phrases denote how the power of the Lord is within everything, including our own human minds, spanning matter, energy, and the universe. The being of God is infinite and occupies everywhere at every time. Keen to distinguish Christian Science from other more spiritually intensive movements of metaphysics or the occult, Mary Baker Eddy emphasizes how Christ as God is a great example of the Lord's infinite presence. Many of the accounts later in the book whereby Christians attest that their beliefs helped them overcome various illnesses.

are rooted deep in the traditions of the faith This edition of the book is adapted from the revised updated edition of 1910

The Christian Science Journal, Vol. 28 Mary Baker Eddy, 2018-03-23 Excerpt from The Christian Science Journal Vol 28 April 1910 Nothing but evil can result from unnecessarily temporizing with evil If one panders in any degree to the sense of anger envy Malice Etc he can reap only like conditions therefrom The asserted selfhood of evil has neither the capacity to receive nor to bestow any good It can be corrected and so destroyed But it cannot rise above its own falsity Evil is evil in whatever form or personality it seems to appear And one s only hope for a better state is to turn from this false self and seek the spiritual reality of man in which there is no thought or possibility of evil The carnal nature is depraved to the last degree and its individualized expression in mortal man is not the type of true manhood But its opposite Humanity needs to be saved from this counterfeit through the spiritual idea in Christian Science Even the new man which as St Paul declares is created in righteousness and true holiness Every mortal has but to look within his own heart to know the necessity of self denial And knowing this he should seek earnestly to obey it Until he rises ultimately to the standard of manhood in Christ Jesus The worldly minded Christian if such a term may be used May believe Jesus demand to be impracticable in actual experience But the Christian Scientist finds it to be not only eminently practicable but the only effective way by which to realize health and holiness His concessions to material belief are only by reason of his lack of spiritual understanding but in his heart he condemns that which for the time he allows Because the student s understanding of the spiritual truth of being is incomplete he does not at present fully demonstrate it but if loyal to what he knows he will miss no Opportunity to put down the material self with all its false accompaniments and so
