Christianity For The 21st Century:

Future Faith Wesley Granberg-Michaelson, 2018-03-23 In *Future Faith Ten Challenges Reshaping the Practice of Christianity* author Wesley Granberg Michaelson provides a lucid view of how the top ten winds of change blowing through global Christian faith are reshaping the practice of Christianity today He is uniquely qualified to identify and interpret connection points between global Christian trends and the American church Drawing on the stories examples and personalities of pastors and congregations from throughout the U S as well as those from Africa Asia Latin America who are the faces of Christianity's future *Future Faith* is designed to inform and empower followers of Jesus to seek new ways of becoming the face of Christ to a rapidly changing world Leaders and practitioners in church growth renewal and planting will be a primary audience for this book Students of religion from Catholic evangelical Pentecostal and historic Protestant streams will find this book an informative and stimulating resource for pondering together the future of their faith Small groups engaged in congregational nurture and growth will find in the author a welcome companion for guiding them through the multi cultural landscape of contemporary faith

Simply Christians Sam E. Stone, 2004 This book will be helpful to at least three groups of people 1 Those who have never heard of the Restoration Movement This fast growing 19th century effort sought to unite believers and evangelize the world by teaching and practicing the Christianity of the New Testament The book introduces readers to Christian Churches and Churches of Christ which continue to share this vision 2 Those who know a little about this fellowship of churches but want to learn more 3 Those who want an up to date look at the most recent available facts and figures along with a review of the basic principles of the Restoration Movement Book jacket

Spirit-Empowered Christianity in the 21st Century Vinson Synan, 2011-02-01 What does a re vision of the Charismatic Pentecostal Spirit empowered movement look like in the coming years of this millennium The first century of this revival seems to attest that the Lord raised up the holiness and Pentecostal movements not only to be custodians of these distinctive truths but the perpetuators of them as well If any generation ceases to accentuate this emphasis the movement likely will forfeit the right to be recognized as such When the Pentecostal message is preached published and proclaimed through triumphant song an atmosphere is sustained for people to experience anew and again the reality of salvation holiness charismata wholeness and hope Such a revival will be biblically based rationally sound traditionally accurate and experientially real *Spirit Empowered Christianity in the 21st Century* is an authoritative compilation of the presentations from thirty leaders in the Charismatic Pentecostal movement given at the Empowered 21 Conference in Tulsa OK in April 2010 These chapters share emerging insights on how the next generation will handle the profound issues facing Christians within the Charismatic Pentecostal movement in the 21st century For example one portion covers the topic of the 21st century renewal while another discusses how we can protect our Charismatic distinctive Another portion will highlight Charismatic adaptations for reaching this present age discussing issues of social and economic justice prosperity and

suffering challenges to urban ministry the future of the next generation Oneness Pentecostalism and missiological aims in North America

Christianity in Crisis Hank Hanegraaff, 2012-06-18 Nearly two decades ago Hank Hanegraaff's award winning *Christianity in Crisis* alerted the world to the dangers of a cultic movement within Christianity that threatened to undermine the very foundation of biblical faith But in the 21st century there are new dangers new teachers who threaten to do more damage than the last These are not obscure teachers that Hanegraaff unmasks We know their names We have seen their faces sat in their churches and heard them shamelessly preach and promote the false pretexts of a give to get gospel They are virtual rock stars who command the attention of presidential candidates and media moguls Through make believe miracles urban legends counterfeit Christs and twisted theological reasoning they peddle an occult brand of metaphysics that continues to shipwreck the faith of millions around the globe God cannot do anything in this earthly realm unless we give Him permission Keep saying it I have equality with God talk yourself into it Being poor is a sin The Jews were not rejecting Jesus as Messiah it was Jesus who was refusing to be the Messiah to the Jews You create your own world the same way God creates His He speaks and things happen you speak and they happen *Christianity in Crisis 21st Century* exposes darkness to light pointing us back to a Christianity centered in Christ From the Preface Having lost the ability to think biblically postmodern Christians are being transformed from cultural change agents and initiators into cultural conformists and imitators Pop culture beckons and postmodern Christians have taken the bait As a result the biblical model of faith has given way to an increasingly bizarre array of fads and formulas

Christianity in the Twenty-first Century Robert Wuthnow, 1995 Robert Wuthnow contributes to those reflections on religion that are cropping up at the end of the millennium by offering a sobering realistic and hopeful assessment of where the church is now and where the church is heading

Christian Witness in Pluralistic Contexts in the Twenty-First Century Enoch Wan, 2004-09-15 This volume is not a set of textbook answers on how to witness to Hindus Buddhists Muslims and people with other religions based on simple formulas It is the wrestlings affirmations and testimonies of those who have been deeply involved in ministries to people of other religious faiths and have thought deeply about the issues religious pluralism raises

Christianity on the 21st Century Kent C. Lin, 2011-12 Author a scientist and the author of books such as *Science and Religion* 2000 *Modern Interpretation of the Bible* 2005 and *The Rationality of Christian Doctrines* 2009 has developed eternal now theology by unifying science with theology in order to introduce Christian faith as a guide for reading and understanding the Bible and living a life in full and freedom The Book tells you who and what is God how to develop a logical mode of the Christian God the Trinity what is the authority of the Bible is the Bible errorless was there an ancestor of Adam what is the major debate of evolutionism vs creationism why do bad things happen in the world how can God be all powerful and all loving and yet there are sufferings in the world who is Jesus Nazareth why should Jesus die was resurrection of Jesus true how to formulate logically Jesus God Man unity in nature will all players be answered is there a life after death

what does heaven or hell look like when will a Christian be in the heaven what kind of a body will be in the heaven and many other questions about Christian believes Therefore it offers a new mental picture of God a modern apologetics and hermeneutics a new mental picture of God a new definition of humanity an up dated worldview and correct idea of afterlife in order to defend rationally our Christian faith to interpret intellectually the Bible and to reformulate logically of Christian doctrines for modern people who are living on the 21st century Eternal now theology would play an important role in accommodating the argument of the Christian doctrines in all Christian dominations and the controversy among Protestant theologies in the matter of salvation Especially the controversy of Calvinism vs Arminianism has been well discussed in the book *Restorative Faith* Alexander Lang,2019-05-07 Christianity is in a downward spiral Americans are abandoning the church in record numbers In the 21st century science and technology are the primary drivers of the modern worldview As a result Christianity is rapidly losing credibility And why shouldn t it be In a world where logic and reason reign supreme the church often promotes the exact opposite The earth was created in six days Noah filled a boat with every animal on the planet and Jesus was born of a virgin Admitting that these and many other of aspects of the Christian faith are simply non starters to outsiders Alexander Lang takes the reader on a journey to rediscover Christianity Written for those who find Christianity inaccessible illogical and plainly irrelevant Restorative Faith confronts the landmines that often shatter faith By breaking down Christianity into its most basic parts Lang casts a new vision for the Christian faith Restorative Faith is designed to push an evolution in thinking and spiritual consciousness such that humans are prepared to take responsibility for each other s well being and the collective future of life on our planet *Theologies of the 21st Century* David L. Smith,2014-10-02 What theologies are popular and formative of Christian thinking in the present day How should they be assessed by those Christians who want to be in the world without being of the world Theologies of the 21st Century begins with an overview of the historical roots from which current theological thinking has developed and then moves on to a detailed evaluation of the chief doctrinal and practical emphases taking an evangelical biblical perspective that seeks to be at once both critical and irenic **Early Christians of the 21st Century** Chad Walsh,1950 **Church Scattered** Dan Greer,2020 In this intentionally disruptive book author and leadership development consultant Dan Greer clearly depicts how the cultural forces of change are negatively impacting the lives of individual Christians and the mission of the church In post Christian America the church is in serious decline and unless a transformational leadership approach is taken both in our homes and in our churches that trend will only get worse While the message of our faith is sacred Greer says our methods are not In his new book Church Scattered Christianity for the 21st Century Greer offers transformational truths and biblical solutions to the crisis we face as Christians and as the church Christianity must become more about a people living on mission than a place to attend on Sunday In Church Scattered readers will discover how challenging and equipping Christians to live out their calling by merging all of the sacred and secular priorities in everyday life is transformational
