Christianity And Liberalism:

Christianity and Liberalism J. Gresham Machen, 2013-03-08 It is an admirable book For its acumen for its saliency and for its wit this cool and stringent defense of orthodox Protestantism is I think the best popular argument produced in the controversy between Christianity and Liberalism We shall do well to listen to Dr Machen Walter Lippmann in A Preface to Morals

CHRISTIANITY AND LIBERALISM J. Gresham Machen, 2025-05-17 In 1923 J Gresham Machen s Christianity and Liberalism delivered a searing indictment of theological liberalism exposing it not as a variant of Christianity but as a rival religion that undermines the Bible s authority the deity of Christ and salvation through his atoning work A century later this annotated edition revitalizes Machen s prophetic voice for 2025 confronting modern liberalism s new guises progressive theology cultural relativism and social justice activism with unyielding clarity Meticulously updated by Christian Publishing House this edition modernizes spelling grammar and syntax while preserving Machen s original text and intent Archaic terms have been replaced with contemporary American English and the content is refreshed to address today s challenges from universalism to moral relativism without diluting Machen s uncompromising stance Outdated references have been revised all biblical citations use the ESV translation and each chapter retains its original length to ensure fidelity to the author s vision A new robust appendix Conservative Evangelical Christianity in the 21st Century extends Machen s battle defending biblical faith against liberalism s distortions with scriptural rigor and contemporary evidence This edition is a battle cry for the Church to stand firm on the truth of the gospel in an age of compromise Rejecting interfaith platitudes and ecumenical vagueness it calls believers to proclaim Christ s exclusive saving work with courage For pastors scholars and laypeople alike Christianity and Liberalism remains an essential guide for discerning truth from error and upholding the faith once for all delivered to the saints Jude 1:3

Christianity and Liberal Society Robert Song, 1997 Liberalism forms the dominant political ideology of the modern world but despite its pervasive influence this is the first book length treatment of liberal political thought from a Christian theological perspective Song discusses the different aspects and interpretations of liberalism with reference to the critiques of three twentieth century theologians the American Protestant Reinhold Niebuhr on the liberal progressivist philosophy of history the lesser known Canadian George Grant on the threat of technology to fundamental liberal values as articulated in the recent work of John Rawls and the French Thomist Jacques Maritain on the defence of political pluralism Further to this Song explores the implications of this political theology for the issues in fundamental constitutional theory raised by a bill of rights and judicial review of legislation and concludes with an account of the critical but supportive stance of liberalism Christian theology should take

Christianity & Liberalism J. Machen, 2019-02-14 John Gresham Machen July 28 1881 January 1 1937 was an American Presbyterian theologian in the early 20th century He was the Professor of New Testament at Princeton Seminary between 1906 and 1929 and led a

conservative revolt against modernist theology at Princeton and formed Westminster Theological Seminary as a more orthodox alternative. As the Northern Presbyterian Church continued to reject conservative attempts to enforce faithfulness to the Westminster Confession, Machen led a small group of conservatives out of the church to form the Orthodox Presbyterian Church. When the Northern Presbyterian Church (PCUSA) rejected his arguments during the mid 1920s and decided to reorganize Princeton Seminary to create a liberal school, Machen took the lead in founding Westminster Seminary in Philadelphia 1929 where he taught New Testament until his death. His continued opposition during the 1930s to liberalism in his denomination's foreign missions agencies led to the creation of a new organization, the Independent Board for Presbyterian Foreign Missions 1933. The trial conviction and suspension from the ministry of Independent Board members including Machen in 1935 and 1936 provided the rationale for the formation in 1936 of the OPC. Machen is considered to be the last of the great Princeton theologians who had since the formation of the college in the early 19th century developed Princeton theology, a conservative and Calvinist form of Evangelical Christianity. Although Machen can be compared to the great Princeton theologians Archibald Alexander, Charles Hodge, A. A. Hodge, and B. B. Warfield, he was neither a lecturer in theology, he was a New Testament scholar, nor did he ever become the seminary's principal. Machen's influence can still be felt today through the existence of the institutions that he founded: Westminster Theological Seminary, The Independent Board for Presbyterian Foreign Missions, and the Orthodox Presbyterian Church. In addition, his textbook on basic New Testament Greek is still used today in many seminaries, including PCUSA schools.

There are many who prefer to fight their intellectual battles in what Dr. Francis L. Patton has aptly called a condition of low visibility. Clear cut definition of terms in religious matters, bold facing of the logical implications of religious views, is by many persons regarded as an impious proceeding. May it not discourage contribution to mission boards? May it not hinder the progress of consolidation and produce a poor showing in columns of Church statistics? But with such persons we cannot possibly bring ourselves to agree. Light may seem at times to be an impertinent intruder, but it is always beneficial in the end. The type of religion which rejoices in the pious sound of traditional phrases, regardless of their meanings, or shrinks from controversial matters, will never stand amid the shocks of life. In the sphere of religion, as in other spheres, the things about which men are agreed are apt to be the things that are least worth holding; the really important things are the things about which men will fight. In the sphere of religion, in particular, the present time is a time of conflict; the great redemptive religion

which has always been known as Christianity is battling against a totally diverse type of religious belief which is only the more destructive of the Christian faith because it makes use of traditional Christian terminology This modern non redemptive religion is called modernism or liberalism Both names are unsatisfactory the latter in particular is question begging The movement designated as liberalism is regarded as liberal only by its friends to its opponents it seems to involve a narrow ignoring of many relevant facts And indeed the movement is so various in its manifestations that one may almost despair of finding any common name which will apply to all its forms But manifold as are the forms in which the movement appears the root of the movement is one the many varieties of modern liberal religion are rooted in naturalism that is in the denial of any entrance of the creative power of God as distinguished from the ordinary course of nature in connection with the origin of Christianity The word naturalism is here used in a sense somewhat different from its philosophical meaning In this non philosophical sense it describes with fair accuracy the real root of what is called by what may turn out to be a degradation of an originally noble word liberal religion

Dorrien,2003-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom *The Princeton Theological Review* ,1922 Includes section Reviews of recent literature *The Methodist Quarterly Review* ,1923

Christian Faith and Life ,1926 Worshipping the State Benjamin Wiker,2013-03-25 Many Christians feel that they are being opposed at every turn by what seems to be a well orchestrated political and cultural campaign to de Christianize every aspect of Western culture They are right and it goes even further back than the Obama Administration In Worshipping the

State How Liberalism Became Our State Religion Benjamin Wiker argues that it is liberals who seek to establish an official state religion one of unbelief Wiker reveals that it was never the intention of the Founders to drive religion out of the public square with the First Amendment but secular liberals have deliberately misinterpreted the establishment clause to serve their own ends the de Christianization of Western civilization The result they hope is government as the new oracle Personal faith in a deity is replaced with collective dependence on government and the diversity of religious practices and dogmas is reduced to a uniform ideological agenda The liberal strategy is two pronged drive religion out of the public square and then in religion s place erect the Church of the State to fill the human need for a higher power to look up to But what was done can be undone Outlining a simple step by step strategy for disestablishing the state church of secularism Worshipping the State shows the full historical sweep of the war to those on the Christian side of the cultural battle and as a consequence of this far more complete vantage how to win it
