Alter, 2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease     History of Christianity in India Christian Literature Society For India, 1895     Why and How the Ice Age Ended & The True History of the Pontic (White) Race Raven Alb J., 2011-11-16 A complex book which goes from explaining how climate changes based on changing of the earth s axis tilt to the formation of the Indo-European languages first words and the misunderstood part of white race history This book reveals the unknown part of Indo-European history in Asia which is very wrongly taught today The evolution of European languages is corrected based on very logical and well documented bases It is a book that requires intelligence and great curiosity as well as the
