CMG Transactions ,1992 **How to Measure the ROI (Return on Investment) of Your Digital Marketing Actions**

Reginaldo Osnildo, We live in the age of data It has never been so possible and at the same time so challenging to measure the impact of marketing actions on a business s results In the past marketing professionals were often seen as intuitive creatives responsible for campaigns with high emotional impact but difficult to measure Today this view has changed radically Digital marketing has brought with it a revolution everything can and should be measured This book was born from

the need to help entrepreneurs marketing managers analysts and communication professionals to master once and for all one of the most important concepts of today return on investment or simply ROI Measuring the ROI of digital campaigns actions and strategies is no longer an option it is a must for those who want to ensure the efficiency of investments and maximize results We know however that the path to mastering this practice can seem complex There are dozens of metrics tools attribution models and methodologies that if misinterpreted can lead to misguided decisions and financial losses On the other hand when applied well these same elements transform digital marketing into a true growth machine data driven predictable and scalable Throughout the chapters you will find a practical direct and didactic approach Don t expect long theoretical digressions or magic formulas What we offer here is a structured method that begins with the correct definition of objectives and metrics goes through data collection and analysis and culminates in the strategic interpretation of the results This book is for those who want to go beyond vanity metrics and learn how to measure what really matters how much each real invested in digital marketing is returning to the business For those who want to prove the effectiveness of their actions and have confidence when presenting reports to partners investors or leaders For those who want to professionalize their performance in the digital environment and build strategies based on data not guesswork Whether you are a beginner wanting to understand the fundamentals or an experienced professional looking to deepen your mastery of the subject this content was designed to be a complete and transformative guide Get ready to dive into a world where numbers and creativity go hand in hand By the end of this book you will have not only the knowledge but also the practical tools needed to measure analyze and optimize the ROI of your digital marketing actions Your next big achievement could be in the ability to measure and interpret data that this book will help you master Yours sincerely Reginaldo Osnildo Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff,R R Bowker Publishing,1996-09 Computer Systems Series ,1997
