Christian Character And The Gospel Of Luke:

Christian Character in the Gospel of Luke Brian E. Beck, 2009-04-01 This book explores the ideal of Christian character which underlies Luke's Gospel and is reflected in his selection editing and arrangement of teaching and narrative. The literary function of the Pharisees in this context is explored and it is suggested that the Pharisaic mind as a temptation of which the readers are systematically warned may provide a coordinating thread for much of the apparently disparate material in the Gospel. *Sessions with Luke: Following Jesus on the Journey to Christian Character* Timothy W.

Brock, 2013-04-11 *Sessions with Luke* is a ten lesson study designed to help participants explore and embody Christian character through reflection on biblical truths illustrated in the book of Luke. Each session is followed by a thought provoking resource page of questions that allows for a deeper experience of the scriptural passages. These resource pages can be used by seminar leaders during preparation and group discussion as well as in individual Bible study. Timothy Brock takes readers on a journey through Luke's brilliant collection of memorable stories, challenging teachings and well known parables describing the life and work of Jesus Christ. Ultimately the stories found in Luke's gospel demonstrate that accepting the invitation to follow Jesus requires a radically transformed relationship with God and with other people. Followers of Jesus are encouraged to emulate and to embody the character of Christ as they create a lifestyle of obedience to God and service to others. *The Character and Purpose of Luke's Christology* Douglas Buckwalter, 1996-08-28

Luke's christology is carefully designed. Luke portrays the exalted Jesus as God's co-equal by the kinds of things he does and says from heaven. Through the Holy Spirit the divine name and personal manifestations Jesus behaves toward people in Luke Acts as does Yahweh in the Old Testament. His power and knowledge are supreme. Jesus sovereignly reigns over Israel, the church, the powers of darkness and the world. Luke deepens this portrait by depicting Jesus as deity who by nature behaves as servant; the earthly Jesus acted among his people as one who serves. The exalted Jesus continues serving his people by strengthening and encouraging them in their witness of him to the world. That the believers in Acts resemble the way Jesus behaved in the Gospel means that they too are now imaging some of his servant-like character in their witness of him. *The Spirituality of the Gospels* Stephen C.

Barton, 2006-09-06 Probably no other works of ancient literature have had a greater influence on religious life and thought than the Four Gospels. Certainly no other works have been the subject of such intense study by those determined to learn more about the Gospels' central, often enigmatic figure. And yet despite the bewildering variety of scholarly approaches few have sought to interpret the Gospels in terms of the distinctive spirituality that each contains and seeks to evoke in its readers. That is the aim of this important new book to help today's readers explore what each Gospel has to offer when viewed by its own right as a classic of Western spirituality. Written in a clear, non-technical style, the fresh perspectives this work presents will open new vistas on the familiar stories about the life, teaching and ultimate significance of Jesus.

Characters and Characterization in Luke-Acts Frank Dicken, Julia Snyder, 2016-10-20 Like all skilful authors, the composer

of the biblical books of Luke and Acts understood that a good story requires more than a gripping plot a persuasive narrative also needs well portrayed plot enhancing characters This book brings together a set of new essays examining characters and characterization in those books from a variety of methodological perspectives The essays illustrate how narratological sociolinguistic reader response feminist redaction reception historical and comparative literature approaches can be fruitfully applied to the question of Luke s techniques of characterization Theoretical and methodological discussions are complemented with case studies of specific Lukan characters Together the essays reflect the understanding that while many of the literary techniques involved in characterization attest a certain universality each writer also brings his or her own unique perspective and talent to the portrayal and use of characters with the result that analysis of a writer s characters and style of characterization can enhance appreciation of that writer s work

Imitation in Early Christianity Cornelis Bennema, 2025-03-20 What did exhortations to follow Jesus or imitate Christ mean to early Christians Cornelis Bennema examines mimesis as a religious ethical concept in early Christianity the imitation of Jesus and other exemplars to become a better more Christlike person Situating appeals for imitation in the New Testament and Apostolic Fathers within the cultural and social context of the broader Greco Roman world Bennema shows how early Christian mimesis was not about literal replication but instead was a creative cognitive and transformative means for shaping conduct and character As part of this study Bennema explores key questions about the historic origins of early Christian mimesis the language that early Christian authors used to articulate the concept of mimesis the scope nature and workings of mimesis in each major section of early Christian literature and how early Christians navigated the challenges of imitating exemplars such as Paul or Jesus who were not physically present Offering well researched answers to these questions Bennema provides readers with a nuanced and informative picture of exhortations to imitation in the New Testament and Apostolic Fathers

Studies in the Gospel of Luke Robert Elliott Speer, 1892 Women's Bible Commentary Carol Ann Newsom, Sharon H. Ringe, 1998-01-01 In the critically acclaimed best seller Women s Bible Commentary an outstanding group of women scholars introduced and summarized each book of the Bible and commented on those sections of each book that have particular relevance to women focusing on female characters symbols life situations such as marriage and family the legal status of women and religious principles that affect relationships of women and men Now this expanded edition provides similar insights on the Apocrypha presenting a significant view of the lives and religious experiences of women as well as attitudes toward women in the Second Temple period This expanded edition sets a new standard for women s and biblical studies

The Theology of the Gospel of Luke Joel B. Green, 1995-04-20 The Gospel of Luke often mined for information about the life of Jesus is also one of the earliest Christian examples of narrative theology Unlike some writers of New Testament books Luke has engaged in the theological task by shaping a narrative representation of the coming and mission of Jesus In doing so he goes to great lengths to ground the work of Jesus in the continuing story of God s redemptive plan especially witnessed in the Scriptures and he

also emphasises the ongoing character of that story with the result that Luke's audience is challenged to discern the purpose of God in order that they may embrace it and order their lives around it. This exploration of the way in which Luke accomplishes his theological task in the first century is both informative and illuminating for contemporary readers seeking approaches to cultural criticism and constructive theology today.

The Blind, the Lamé and the Poor S. John Roth, 1997-06-01 The virtual disappearance of the captive the shattered the blind the deaf mute the lame lepers the maimed the dead and the poor from Acts poses a problem for Lukan studies. It creates a tension between two firmly held convictions about Luke's writing that the Gospel and Acts are a unified work and that Luke has a special concern for the poor. A fresh solution lies in tracing the intertextual links between Luke and the Septuagint. In the Septuagint these character types are standard conventional recipients of God's favour. In Luke's gospel the primary function of these types is christological in that Jesus' actions toward them reveal him to be God's unique eschatological agent of salvation. In Acts however there is a different Christological situation. Jesus is now the risen and ascended Lord and so Luke has no need to foreground those such as the poor who in the Septuagint are especially destined for salvation.

A Dictionary of Christ and the Gospels:
Aaron-Knowledge James Hastings, John Alexander Selbie, John Chisholm Lambert, 1906 **A Dictionary of Christ and the Gospels** James Hastings, John Alexander Selbie, John Chisholm Lambert, 1908 Critical and Exegetical Handbook to the Gospel of Matthew Heinrich August Wilhelm Meyer, 1877 **Luke, the Jew** Peter Van 't Riet, 2018-10-30 For centuries the evangelist Luke has been seen as the only non Jewish author of the New Testament writing for a non Jewish Christian public. Reading his gospel and the Acts as a form of midrash literature shows however that Luke was more probably a Greek speaking Jew who wrote his books with a Jewish message for a Jewish public.

The Christian Work and the Evangelist, 1907 *The Christian Advocate*, 1909 **Cyclopaedia of Biblical, Theological, and Ecclesiastical Literature** John McClintock, 1891 **Cyclopædia of Biblical, Theological, and Ecclesiastical Literature** John McClintock, 1894 **An Illustrated Commentary on the Gospel According to Matthew** Lyman Abbott, 1875 **The Miracles of Unbelief** Frank Ballard, 1902
