Christian Faith And The Interpretation Of History:

Christian Faith and the Interpretation of History Gordon Lincoln Keyes, 1966 The Christian Understanding of History Eric Charles Rust, 2002 Short description The conception of world history is rooted in Christianity The Christian faith proclaims God's special revelation through His Son as the key to historical meaning How does this Salvation History relate to the complex events of our historical existence **God's Judgments** Steven J. Keillor, 2007-01-11 What do God's judgments have to do with history Using historical events Steven J Keillor pursues the thesis that divine judgment can be a fruitful category for historical investigation and that Christianity is an interpretation of history more than a worldview or philosophy

Christian Faith and Historical Understanding Ronald H. Nash, Harold W. Hoehner, 1984 Beyond Tragedy Reinhold Niebuhr, 1938 *Christian Faith and the Interpretation of History* Charles Wheeler Scott, Church Divinity School of the Pacific, 1950 *Faith and History - A Comparison of Christian and Modern Views of History* Reinhold Niebuhr, 2013-04-18 The theme of this volume was first presented as the Lyman Beecher Lectures On Preaching at the Yale Divinity School in 1945 Some of the same lectures were given by arrangement under the Warrack Lectureship On Preaching at the Universities of Glasgow and Aberdeen in Scotland in the winter of 1947 Some of the chapters were used as the basis of lectures given under the Olaf Petri Foundation of the University of Uppsala in Sweden I sought to develop various portions of a general theme in these various lectureships In this volume I have drawn these lectures into a more comprehensive study of the total problem of the relation of the Christian faith to modern conceptions of history While the total work therefore bears little resemblance to the lectures it does contain consideration of the specific problems which were dealt with in the lectures I shall not seek to identify this material by chapters as I subjected the whole to reorganization Two of these lectureships usually deal with the art of preaching though not a few of the actual lectures have been concerned with the preacher's message Since I had no special competence in the art of homiletics I thought it wise to devote the lectures to a definition of the apologetic task of the Christian pulpit in the unique spiritual climate of our day Since several of the Beecher lecturers in the past half century sought to accommodate the Christian message to the prevailing evolutionary optimism of the nineteenth and early twentieth centuries I thought it might be particularly appropriate to consider the spiritual situation in a period in which this evolutionary optimism is in the process of decay This volume is written on the basis of the faith that the Gospel of Christ is true for men of every age and that Jesus Christ is the same yesterday today and forever It is nevertheless the task of the pulpit to relate the ageless Gospel to the special problems of each age In doing so however there is always a temptation to capitulate to the characteristic prejudices of an age **History and Christian Faith** Edward W. H. Vick, 2003 A basic Christian claim is that God is active in human history to accomplish his purpose which he will do in the end This book considers some of the implications of this far reaching claim Christian faith is bound up with our personal history but beyond that stretches far into the past Faith is not identical with historical knowledge for example with knowledge of the facts about

Jesus facts which must be established historically That involves using the historian s methods of investigation What does God reveals himself in history mean Christians claim to find an ultimate meaning in history But how can that be How is it possible to find an overall meaning in history theistic or otherwise Since Christians appeal to the New Testament in making the claim that God revealed himself in Jesus we must go beyond that book to the Christian community which existed before there was a New Testament and out of whose midst its writings came To understand those books we must interpret So where do our principles of interpretation come from and how valid are they This is the question of tradition This small book is an introduction to these interesting topics Hopefully it will help to clarify important issues and lead the reader to investigate such central matters further *The Christian Faith* Ernst Troeltsch,1991-01-01 The first English translation of Troeltsch s Glaubenslehre The first attempt to do systematic theology from a deep Christian commitment with full awareness of Christianity s social and historical relativity Pillars in the History of Biblical Interpretation, Volume 2 Stanley E. Porter,Sean A. Adams,2016-11-03 This two volume set is part of a growing body of literature concerned with the history of biblical interpretation The ample introduction first situates key players in the story of the development of the major strands of biblical interpretation since the Enlightenment identifying how different theoretical and methodological approaches are related to each other and describing the academic environment in which they emerged and developed Volume 1 contains fourteen essays on twenty two interpreters who were principally active before 1980 and volume 2 has nineteen essays on twenty seven of those who were active primarily after this date Each chapter provides a brief biography of one or more scholars as well as a detailed description of their major contributions to the field This is followed by an often new application of the scholar s theory By focusing on the individual scholars and their work the book recognizes that interpretive approaches arise out of certain circumstances and that scholars are influenced by and have influences upon both other interpreters and the times in which they live This set is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the current field of biblical studies developed **The Historian and the Believer** Van Austin Harvey,1996 A milestone work in Christian theology available again As a critic of the contemporary theological scene Van Harvey has few if any competitors This is nowhere clearer than in *The Historian and the Believer* the classic discussion of its topic Rich in insight and penetrating in argument it is one book that belongs in the library of every theologian and seminarian Schubert M Ogden author of *Doing Theology Today* Is it possible to be both a historian and a Christian Van Harvey s classic *The Historian and the Believer* posed that question when it was first published In this printing the author has provided a new introduction in which he reflects on how he would reframe his original argument in order to bring out more fully the basic theological intention underlying his view that Christian faith cannot rest on dubious historical claims From reviews of the first edition Probably the most interesting piece of American theological writing to appear this year John Reumann Union Seminary Quarterly Review General History of the Christian Religion and Church August

Neander,1871 **The History of Christian Thought** Jonathan Hill,2007-05-16 In this lively and accessible introduction Jonathan Hill offers a wealth of insight into the history of Christian thought and the colorful personalities who gave it shape and form *Christian History and Interpretation* William Reuben Farmer,Charles Francis Digby Moule,Richard R. Niebuhr,1967 **Chrysostom, a study in the history of biblical interpretation** Frederic Henry Chase (bp. of Ely.),1887 *Christian Dogmatics* Carl E. Braaten,Robert W. Jenson,2011-07 Volume 1 discusses dogmatics the Trinity the identity of God creation sin and Christology **History of Interpretation** Frederic William Farrar,1886 *History of interpretation, 8 lects. on the foundation of John Bampton* Frederic William Farrar,1886 **"Behind" the Text** Craig G. Bartholomew,2003 The fourth in a series of books that result from annual conferences of the top evangelical hermeneutical scholars in the world The topic for this book probes contemporary theories on the philosophy and theology of history and analyzes how those views intersect with the concept of the Bible as history *Streams of Civilization* Christian Libery Press,Garry J.
