Eleven Men Who Changed the World

George Mullinger & Julia Mullinger Orozco

Christian Men Of Science Eleven Men Who Changed The World

E Durkheim

Christian Men Of Science Eleven Men Who Changed The World:

Christian Men Of Science George Mulfinger, Julia Mulfinger Orozco, 2004-04 These short biographies present each man's scientific accomplishments as well as the evidence of his Christian faith. These testimonies demonstrate that true scientists can also be genuine Christians and that faith in God and the authority of the Bible is not a sign of inferior intellect. This book includes scientists such as Johannes Kepler, Robert Boyle, Michael Faraday, Samuel Morse, James Clark Maxwell, Lord Kelvin, Henry Morris, and Walt Brown.

Christian Men of Science George Mulfinger, 2001

The Bible and the Holographic Universe Cynthia C. Polsley, 2022-04-13 From holographic illusions, simulated worlds, and parallel universes to the multiverse from The Matrix, Star Trek, Marvel, and DC Comics to Netflix and mobile games, today's popular imagination is caught up with realities beyond our own. Decades ago, cosmologists speculated that our universe might be a gigantic holographic image. Since then, the holographic principle has only gained traction. What is the holographic universe, and how does it align with the Bible's picture of reality and Jesus Christ? Are we a computer simulation? Did aliens spark human life? Is a multiverse a problem for God? Do time and free will exist? What does it all mean for Christians? Introducing the holographic principle and exploring implications of other worlds through a Christian lens, this basic guide gives individuals and small groups a perspective of eternal investment, prayer, study, and intentional living that focuses on the Bible as the unchanging source of truth, presenting practical information for sorting fact from fiction, engaging with modern culture, and finding a firmer worldview in Christ. Not only is a holographic universe no threat to the Gospel, but the Bible points to a higher reality, hinting at the fingerprints of God in holographic theory.

Persuaded by the Evidence Dr. Jerry Bergman, Doug Sharp, 2008-08-01 True Stories of Faith: Science, the Power of a Creator. A unique and interesting collection of true stories from Christians, each sharing his personal journey to find the biblical truth of a six-day creation. From scientists in the midst of complex research to youth ministers and more, see how each began at a different point and place in his life to question the supposed truth of evolution and how faith and actual evidence led to his embracing a creation-based biblical world view. In their testimonies, you will read about their search for answers, often unavailable through their school, their church, or scientific knowledge, and how the discoveries they made have shaped their faith and changed their lives. Seeking answers for yourself? Discover the powerful truths these individuals now share and find yourself also persuaded by the evidence. Contributors include Carl Kerby, Curt Sewell, Dr. Walter T. Brown, Dr. Raymond Damadian, Frank Sherwin, and more. Stories focus on powerful testimonies of the concept of a creator. Discovering creation truths within scientific careers. Understanding the relevance of Genesis to your personal faith. Finding answers to life's toughest questions through understanding Genesis. Appreciating the powerful influence of creation believers and scholars. Features a Founding Fathers of Creationism special section focused on Dr. Henry Morris, Dr. John Whitcomb, Dr. Andrew Snelling, and more. Special spotlight: Short biography of Dr. Mortimer Adler, chairman of the board of editors of Encyclopedia Britannica for many years.

Is There Not a Cause? Dr. Andrew Steers, 2021-12-15 Is There Not A

Cause There are many books written about the Bible except this book goes much further It traces its history to the earliest days It helps readers to clearly distinguish reliable manuscripts from unreliable ones all of which were used as a basis for giving us the Bibles of today and one which has benefitted the English speaking world as no other It therefore details how the Authorized or King James Version has influenced English cultures across the globe including religious revivals education science technology literature and everyday phrases still in use to this day This especially includes addressing the many unsubstantiated claims leveled against it and remember it has impacted our world like no modern version none of which have even come close Diminishing or even rejecting its One central character Christ Jesus is to invite confusion and or disillusionment into one s life concerning the Scriptures For those who reject Him as the only way to access Heaven via salvation is to deny themselves ultimate entry into Heaven After all He truly is the GREATEST OF ALL CAUSES
