Germans Against Nazism Francis R. Nicosia, Lawrence D. Stokes, 2015-08-01 Rather than being accepted by all of German society the Nazi regime was resisted in both passive and active forms This re issued volume examines opposition to National Socialism by Germans during the Third Reich in its broadest sense It considers individual and organized nonconformity opposition and resistance ranging from symbolic acts of disobedience to organized assassination attempts and looks at how disparate groups such as the Jewish community churches conservatives communists socialists and the military all defied the regime in their own ways

The Third Reich Sourcebook Anson Rabinbach, Sander L. Gilman, 2013-07-10 No documentation of National Socialism can be undertaken without the explicit recognition that the German Renaissance promised by the Nazis culminated in unprecedented horror World War II and the genocide of European Jewry With The Third Reich Sourcebook editors Anson Rabinbach and Sander L. Gilman present a comprehensive collection of newly translated documents drawn from wide ranging primary sources documenting both the official and unofficial cultures of National Socialist Germany from its inception to its defeat and collapse in 1945 Framed with introductions and annotations by the editors the documents presented here include official government and party pronouncements texts produced within Nazi structures such as the official Jewish Cultural League as well as documents detailing the impact of the horrors of National Socialism on those who fell prey to the regime especially Jews and the handicapped With thirty chapters on ideology politics law society cultural policy the fine arts high and popular culture science and medicine sexuality education and other topics The Third Reich Sourcebook is the ultimate collection of primary sources on Nazi Germany

God and Humanity in Auschwitz Donald J. Dietrich, 2009-08-01 God and Humanity in Auschwitz synthesizes the findings of research developed over the last thirty years on the rise of anti-Semitism in our civilization Donald J. Dietrich sees the Holocaust as a case study of how prejudice has been theologically enculturated He suggests how it may be controlled by reducing aggressive energy before it becomes overwhelming Dietrich studies the recent responses of Christian theologians to the Holocaust and the Jewish theological response to questions concerning God's covenant with Israel which were provoked by Auschwitz Social science has dealt

with the psychosocial dynamics that have supported genocide and helps explain how ordinary persons can produce extraordinary evil Dietrich shows how this research combined with theological analyses can help reconfigure theology itself Such an approach may serve to help dissolve anti-Semitism to aid in constructing such positive values as respect for human dignity and to point the way to restricting future outbreaks of genocide God and Humanity in Auschwitz surveys which religious factors created a climate that permitted the Holocaust It also illuminates what social science has to tell us about developing a strategy that when institutionally implemented can channel our energies away from sanctioned murder toward a more compassionate society The book has proven to be an essential resource for theologians sociologists historians and political theorists

Life from the Dead John D. Garr, 2014-06-10 Life from the Dead is an in depth study of the incredible endurance of the Jewish people in history despite ongoing systematic and unrelenting efforts to effect their genocide The survival of the Jewish people is not however merely a testimony to their own resiliency or ingenuity It is a testimony to the utter faithfulness of their God to maintain the integrity of the covenant he made with Abraham Isaac and Jacob Your faith in God will be enriched as you read these dramatic subjects Daily Prayer As Good as Dead Can These Bones Live The God Wrestler From the Pit to the Palace A Resurrected Nation By My Spirit Says the Lord Mashiach Life from the Dead The God of Israel is the ruler over death and life As such he can heal the sick and restore the terminally ill to life and in the end he will keep faith with the righteous who are in the dust of the earth by bringing them forth to life from the dead in the resurrection Life from the Dead will build your faith in God's power to triumph over death and to bring abundant life to all those who put their trust in him

Contemporary Jewish Religious Responses to the Shoah Steven L.

Jacobs,1993-03-25 Contemporary scholars in all disciplines have long recognized that the Shoah is a critical challenge to Christianity and Western civilization as well as a watershed event in Jewish history Steven L Jacobs has completed two complementary works dealing with contemporary religious responses to the Shoah one from the Christian perspective the other from the Jewish perspective This work focuses on the Jewish responses to the holocaust Contents Judaism and Christianity after Auschwitz Steven L Jacobs In a World Without a Redeemer Redeem Michael Berenbaum Academia and the Holocaust Alan L Berger After Auschwitz and the Palestinian Uprising Marc H Ellis The Holocaust A Summing Up after Two Decades of Reflection Emil L Fackenheim Voluntary Covenant Irving Greenberg Auschwitz Re envisioning the Role of God Peter J Haas Why Bernard Maza Apocalyptic Rationality and the Shoah Richard L Rubenstein Between the Fires Arthur Waskow **Forthcoming Books** Rose Arny,2003 The British National Bibliography Arthur James Wells,2004 *Choice* ,2008 **Christian Attitudes on Jews and Judaism** ,1979 *Christian Response to Ecological Challenges* Lökk Pütrkkayil,1996 **Antisemitism and the Foundations of Christianity** Alan T. Davies,1979 No one would disagree with the assessment that Christians over the centuries have been guilty of antisemitism sometimes with barbarous results The real question is not whether individual Christians have been antisemites but whether antisemitism is somehow ingrained in the very roots of Christianity in its very essence Rosemary Ruether has declared that antisemitism is the other side of Christology the inevitable fallout of placing Jesus at the right hand of the Father The contributors to this volume consider that larger question from several vantage points their findings are vitally important for Christians and Jews alike Not only do they explore the beginnings of Christian antisemitism they help us understand the dynamics of the religious impulse for all peoples and all times Publisher **Religious and Theological Abstracts** ,2002 **Comprehensive Dissertation Index, 1861-1972: Philosophy and religion** Xerox University Microfilms,1973 Journal of Ecumenical Studies ,1978
