## **Christian Case For Virtue Ethics:**

*The Christian Case for Virtue Ethics* Joseph J. Kotva Jr., 1996-09-01 Despite the growing interest among philosophers and theologians in virtue ethics its proponents have done little to suggest why Christians in particular find virtue ethics attractive Joseph J Kotva Jr addresses this question in *The Christian Case for Virtue Ethics* showing that virtue theory offers an ethical framework that is highly compatible with Christian morality Kotva defines virtue ethics and demonstrates its ability to voice Christian convictions about how to live the moral life He evaluates virtue theory in light of systematic theology and Scripture arguing that Christian ethics could be profitably linked with neo Aristotelian virtue ethics Ecumenical in tone this book provides a thorough but accessible introduction to recent philosophical accounts of virtue and offers an original explicitly Christian adaptation of these ideas It will be of value to students and scholars of philosophy theology and religion as well as to those interested in the debates surrounding virtue ethics

**Biblical Ethics in the 21st Century: Developments, Emerging Consensus, and Future Directions** Lúcas Chan, SJ; foreword by James F. Keenan, SJ, 2013 Reviews and critiques the major attempts at biblical ethics over the past twenty years by both biblical theologians and theological ethicists focusing on New Testament ethics as an illustration

*Patience, Compassion, Hope, and the Christian Art of Dying Well* Christopher P. Vogt, 2004 By mining the rich tradition of virtue ethics Christopher Vogt uses the virtues of patience compassion and hope as a framework for specifying the shape of a good death and for naming the practices Christians should develop to live well and die well Bringing together historical biblical and contemporary sources in Christian ethics Vogt provides a long overdue theological analysis of the *ars moriendi* or art of dying literature of four centuries ago Through a careful analysis of Luke's passion narrative Vogt uses Jesus as the primary model for being patient in the face of death and for dying well

**Friendship and Virtue Ethics in the Book of Job** Patricia Vesely, 2019-03-28 Examines friendship as a moral category in the Book of Job through an Aristotelian virtue ethics perspective

**Becoming Nonviolent Peacemakers** Eli Sasaran McCarthy, 2012-07-11 Why do many U S residents Catholics and Catholic leaders among them too often fall short of adequately challenging the use of violence in U S policy The opportunities and developments in approaches to peacemaking have been growing at a significant rate However violent methods continue to hold significant sway in U S policy and society as the commonly assumed way to peace Even when community organizers policymakers members of Catholic leadership and academics sincerely search for alternatives to violence they too often think about nonviolence as primarily a rule or a strategy Catholic Social Teaching has been moving toward transcending the limits of these approaches but it still has significant room for growth In order to contribute to this growth and to impact U S policy McCarthy draws on Jesus Gandhi Ghaffar Khan and King to offer a virtue based approach to nonviolent peacemaking with a corresponding set of core practices This approach is also set in conversation with aspects of human rights discourse to increase its possible impact on U S policy As a whole *Becoming Nonviolent Peacemakers* offers an important challenge to contemporary accounts

of peacemaking in the U S      **Reviving Evangelical Ethics** Wyndy Corbin Reuschling, 2008-04-01 Classic theories of Aristotle Kant and Mill have influenced Christian thought in morality and ethics for centuries But they can go only so far Wyndy Corbin Reuschling writes in *Reviving Evangelical Ethics* While the philosophers approach to three key elements virtue duty and utility have been used widely in forming ethical and moral practices Corbin Reuschling sees spiritual danger in their limitations She probes deeply to deconstruct each philosophy then reconstructs a broader biblically based framework for personal and group ethics This introductory text provides helpful biblical and theological reflection for students of Christian ethics      **Solidarity and Reciprocity with Migrants in Asia** Mary Mee-Yin Yuen, 2019-11-21 Based on Catholic and Confucian social ethics this book develops an ethic of solidarity and reciprocity with the migrants in Asia who are marginalized Mary Mee Yin Yuen draws off her own pastoral experiences in the Church the situation of the wider Christian community and the personal experiences of migrant women from various Asian countries in Hong Kong to describe the features and practices of an ethical approach that emphasizes solidarity and reciprocity Interdisciplinary in nature this book integrates Catholic social ethics moral philosophy Chinese Confucian ethics social sciences and cultural studies to investigate the phenomenon of international and intra national migration in Asia particularly with regard to women migrants moving from South Asia Southeast Asia and Mainland China to Hong Kong      *A Case for Character* Joel D. Biermann, 2014-05-01 Over the last several decades perceptive observers of Western civilization have documented what virtually everyone has perceived as the old foundations of society have toppled morality and personal character have been set adrift and often vanished altogether How can character be cultivated when it seems no one is willing or able to provide a definitive description of character to which humans should aspire While the reasons for this are many and complicated one of the more potent singular factors is actually theological says Biermann Contemporary Lutheranism in particular has struggled with the appropriate place of morality and character formation as these pursuits often have been perceived as being at odds with the central Christian doctrine of justification *A Case for Character* explores this problem and argues that Christian doctrine specifically as articulated within a Lutheran framework is altogether capable of encouraging a robust pursuit of character formation while maintaining a faithful expression of justification by grace alone through faith alone      **The Ethics of Nature** Celia Deane-Drummond, 2008-04-15 This accessible and timely book uses a Christian perspective to explore ethical debates about nature A detailed exploration of humanity s treatment of the natural world from a Christian perspective Covers a range of ethical debates including current controversies about the environment animal rights biotechnology consciousness and cloning Sets the immediate issues in the context of underlying theological and philosophical assumptions Complex scientific issues are explained in clear student friendly language The author develops her own distinctive ethical approach centred on the practice of wisdom Discusses key figures in the field including Peter Singer Aldo Leopold Tom Regan Andrew Linzey James Lovelock Anne Primavesi Rosemary Radford Ruether and Michael Northcott The author has held academic

posts in both theology and plant science      **Perspectives on Science and Christian Faith** ,2006      Compassion Maureen H. O'Connell,2015-02-19      **Virtue Ethics in Christian Perspective** Robert C. Roberts,2024-10-29 Virtue Ethics in Christian Perspective proposes and illustrates an activity of philosophical ethics whose purpose is to engender the love of wisdom and thus the love of virtue and so to refine the moral character of its practitioners Avoiding philosophical jargon and making rich use of examples Robert C Roberts draws on ancient Greek philosophy especially Aristotle both to understand the virtues and to compare Christian virtues with virtues based in a different outlook Roberts argues that from a biblical philosophical perspective the good is two sided 1 it is that order of peace that is called shalom the kingdom of God or eternal life and 2 it is the battery of character traits that equip human beings to participate in and enjoy that order of peace

*Christian Ethics and Moral Philosophy* Craig A. Boyd,Don Thorsen,2018-11-06 This introductory textbook presents Christian philosophical and theological approaches to ethics Combining their expertise in philosophy and theology the authors explain the beliefs values and practices of various Christian ethical viewpoints addressing biblical teachings as well as traditional ethical theories that contribute to informed moral decision making Each chapter begins with Words to Watch and includes a relevant case study on a vexing ethical issue such as caring for the environment human sexuality abortion capital punishment war and euthanasia End of chapter reflection questions illustrations and additional information tables are also included      Christian Scholar's Review ,2003      *System of Christian Ethics* Isaak August Dorner,August Dorner,August Johannes Dorner,1887      Method and Catholic Moral Theology Todd A. Salzman,1999 This work is an investigation of the ongoing methodical reconstruction of Catholic moral theology As such it is based on and honors the work of Norbert Rigali S J one of the most important contributors to this reconstruction The decisive break from the traditional manual approach to moral theology represented by Vatican II reoriented moral theology away from universal natural law morality based on the commandments to a morality based on specifically Christian sources This reorientation however was not an either or but a both and proposition Father Norbert Rigali S J has been an inspiration and a challenge to moral theologians working toward reconstruction The essays in this collection address four questions in the renewal movement an investigation of normative methods a clarification of sources an investigation of the tension between natural law morality and Christian ethics and or morality and a combination of methodical insights of philosophy with traditional Christian sources in their investigation of biomedical ethical issues The contributors to the collection include Richard M Gula S S Joseph A Selling Bernard Hoose Mark O Keefe O S B James F Keenan S J Edward Collins Vacek S J Charles E Curran James J Walter Todd A Salzman Jean Porter Lisa Sowle Cahill and Richard A McCormick S J      **Tyndale Bulletin** ,2000      **Christians among the Virtues** Stanley Hauerwas,Charles Pinches,2022-12-06 Christians among the Virtues investigates the distinctiveness of virtues as illuminated by Christian practice using a discussion of Aristotle s ethics together with the work of significant contemporary scholars such as Alasdair MacIntyre and Martha Nussbaum Hauerwas and Pinches converse with learn from

and also critically engage powerful and explicitly non Christian accounts of virtues and then form a specifically Christian account of certain key virtues including obedience hope courage and patience This book will deepen the current public debate about virtue by showing how different traditions and practices yield distinctive understandings of the virtues and by articulating the particularity of virtues informed by Christian practice Hauerwas and Pinches begin with a discussion of Aristotle's account of happiness virtue and friendship and explore how the temporal character of life threatens the possibility of being virtuous The authors then contrast this idea with the Christian recognition of our temporal limitations as a call to virtue rather than a threat In the second section the authors address a work by John Casey which attempts to present an account of the virtues purged of their Christian heritage This analysis as well as the critical readings of MacIntyre and Nussbaum will be of particular interest to philosophers and theologians alike The authors bring a theological voice to the popular and philosophical debates about virtue While the work encourages Christians to think about what is unique to Christian virtue its specificity does not limit its applicability but opens up and deepens the debate over the particular interpretations of virtues calling on others to present more specific articulations of what it means to be courageous obedient hopeful and patient and to contrast those accounts with the Christian interpretations presented by the authors In this respect Christians among the Virtues is the first work in what could be called the second stage of the recovery of the virtues the work of understanding the difference among interpretations of the virtues in the light of different practices and traditions

Natural Law Ethics Philip E. Devine, 2000-05-30 The natural law tradition which takes as central to moral discussion an appeal to our common humanity provides a sustainable and attractive approach to problems of ethics and morals This volume presents a contemporary version of natural law ethics one that does not rely for support on the authority of Aristotle or St Thomas Aquinas however much it is indebted to them and their followers for inspiration and arguments The author discusses the mutual relations of four key moral concepts the good virtue duty and rights as well as their application to various issues including environmental concerns homosexuality and suicide While examining the role of morality in a way of life and the relation between morality and religion he defends the natural law tradition against a range of philosophical and theological opponents **A Shared Morality** Craig A. Boyd, 2007 Defends a concept of natural law ethics in a postmodern setting of doubt regarding natural law
