Christian Faith in a Religiously Plural World Donald G. Dawe, 1976 *Citizens and Exiles* Michael Nazir-Ali, 1998 *Citizens and Exiles* explores the fundamental question of who God is by modern standards through a historical and cultural exploration of pluralism and the gospel Michael Nazir Ali provides an outstandingly honest and readable contribution to the debate that will enable and encourage Christians to maintain the integrity of their faith while remaining open and accepting of others With care and compassion he tackles the issues surrounding religious faith in a changing world discussing such timely topics as the conflicts of religion today and ending with a spiritual and moral framework that opens the door to wider interfaith and cultural understanding

Twentieth Century Christian Responses to Religious Pluralism David Pitman, 2016-02-17 *Twentieth Century Christian Responses to Religious Pluralism* begins with the recognition that the traditional three fold typology adopted by Christians in responding to other living world religions is no longer adequate and offers a much more sophisticated and developed approach This is accomplished with particular reference to ten key Twentieth Century theologians each of whom had significant influence in the field of inter religious studies both during their lifetime and beyond The author rejects the exclusivism and triumphalism of traditional Christian approaches and argues strongly and persuasively that the future for inter religious relationships lies in what he describes as classical pluralism and in an understanding of the importance of difference for inter faith dialogue Presenting an accessible introduction to the contemporary issues and challenges facing all those engaged in the further development of inter faith relationships dialogue and partnership between the world religions Pitman argues that the future of world peace and prosperity depends on the outcome

In the Company of Friends John Ross Carter, 2012-09-01 In this work of Buddhist Christian reflection John Ross Carter explores two basic aspects of human religiousness faith and the activity of understanding Carter's perspective is unique putting people and their experiences at the center of inquiry into religiousness His model and method grows out of friendship challenging the so called objective approach to the study of religion that privileges patterns concepts and abstraction

One Christ--Many Religions S. J. Samartha, 2015-06-29 Here is a wise radical and illuminating book on the obstacles that a rigid interpretation of orthodox christological doctrines presents to dialogue with persons of other faiths *One Christ Many Religions* examines religious pluralism today and in the light of its implications for the global community suggests the contours of a revised christology more credible to Christians and their neighbors of other faiths Samartha argues that the problem with the christological dogmas of the first Ecumenical Councils is not their truth so much as their interpretation and the un-Christian zealotry they seem to engender in Christians Sensitive to charges of sentiments of racial

and cultural superiority that stem from Christians believing themselves uniquely authorized agents of God Samartha challenges us to admit the truth of these accusations and to revise our understanding of Jesus Without such christological revisions Samartha fears Christianity may cease to be Christian may become enfeebled in the pursuit of justice for the oppressed alienated from the deeper challenge of Jesus sealed off from the truths of other religions and ultimately may be barred from experiencing the rich and mysterious encounter of God

The Unique and Universal Christ Michael Nazir-Ali, 2018-02-28 There are tremendous pressures on Christians in the contemporary world to conform to a libertarian vision of a multi faith society where no one makes truth claims about their faith In such a situation Christians need to think afresh about the uniqueness and universality of Jesus Christ and what this might mean in today s plural world Bishop Michael Nazir Ali shows how Jesus understanding of himself and his work bears on contemporary cultures and their values He explores critical questions Christians must face What does the gospel affirm in contemporary cultures What does the gospel fulfil in contemporary cultures What does the gospel challenge in contemporary cultures How does our understanding of the crucified and risen Lord affect our view of the human condition How can we evaluate the different religious traditions of the world in the light of Christ How can we be welcoming and hospitable but also committed to that conversion and transformation of individuals and of human societies which has been revealed as God s purpose in Christ Christian claims of uniqueness have a direct bearing on what informs the social order Consequently this book takes on the challenge of relativism in the contemporary social and political arena

Christianity and Religious Plurality Wilbert R. Shenk, Richard J. Plantinga, 2016-10-11 Over the past two centuries the Christian faith has spread to all continents Although more global than ever Christians are religious minorities in most societies Religious freedom is hardly universal In the past fifty years millions of people have been uprooted from their traditional homelands in Asia Africa and Latin America Some have emigrated to Western Europe and North America The West has become the scene of cultural linguistic and religious variety on a scale unimagined in 1900 Today the full range of faiths and religious practices from all continents are present in Europe and North America Christians are challenged to come to terms with this changed situation These developments have intensified religious plurality Christians all over the world are being urged to understand and engage with this new situation This volume highlights this new reality and specifies some sources for engagement not least among them the Judeo Christian scriptures fundamental to all Christianities that emerged out of religious plural contexts On the basis of their faith in the Triune God disclosed in this text all followers of Jesus Christ must interact with these opportunities in today's radically context sensitive world
