Christian Feminism:

Feminism and Christianity Lynn Japenga, 1999 Some have raised the question Is it possible at the same time to be a Christian and a feminist Japenga asks the question a bit differently Is it possible not to be Like the other titles in the Essential Guides series the purpose of this book is simple to introduce college and seminary students to the basic questions and issues that arise from a feminist interpretation of Christianity The author explores the central ideas of Christian feminism including its critique of patriarchy in Christianity and its recovery of the presence actions and ideas of women What has been troublesome in Christianity for feminists and why How have Christian feminists dealt with these issues What resources are there in Christianity for the empowering and encouragement of women Beginning with an examination of women and the Bible the book explores biblical texts which define women negatively as well as those which emphasize women s strengths and ability and then outlines the various feminist approaches to the interpretation of Scripture It then moves to an overview of women in the history of Christianity and specifically of religion in America presenting both prevailing attitudes about women and the usually unheard stories of women After surveying the main questions a feminist method brings to the study of theology Japenga then explores certain theological questions How do we speak of God Who is Christ What does it mean to be human Written from a moderate feminist perspective this book provides a broad overview of feminist approaches to theological disciplines It emphasizes consensual scholarship rather than points of controversy It acquaints students with feminist analysis by way of the central themes common to feminist approaches to several disciplines and introduces readers to this material in ways that lessen the possibility that they will be threatened intimidated or angered by it While the book offers professors an affordable and accessible textbook choice it is also accessible for lay study groups in congregations **A New Gospel for Women** Kristin Kobes Du Mez, 2015 A work of history biography and historical theology A New Gospel for Women tells the remarkable story of Katharine Bushnell 1855 1946 an internationally known social reformer and author of God s Word to Women a startling reinterpretation of the Christian Scriptures that even today stands as one of the most innovative and comprehensive feminist theologies ever written **Sex, Race, and God** Susan Thistlethwaite, 2009-04-01 Sex Race and God is the impassioned manifesto of a white feminist s reckoning with the meaning of race including her own whiteness in doing theology We should be discussing and acting on many of Thistlethwaite s insights for quite some time She has made a vital contribution to the feminist theological enterprise and to the critical relationship between black and white women in it Carter Heyward Sex Race and God is a sincere attempt to listen to and learn from African American women a serious and largely successful effort to create a method that addresses differences rather than proposing wishful commonalities Many women of color will find it promising a basis for dialogue The Women s Review of Books This pivotal book illuminates a significant ongoing debate at the intersection of two fields contemporary theology and feminist studies Choice Thistlethwaite does what so few white feminists have done genuinely interact with and learn from the strong

differences in experience and perspective between African American women and European American women The Other Side

New Feminist Christianity Mary E. Hunt, Diann L. Neu, 2012-01-01 Powerful insights from ministers theologians activists leaders artists and liturgists who are shaping the future Christianity has been a source of the oppression of women as well as a resource for unleashing women's full humanity Feminist analysis and practice have recognized this Feminist Christianity is reshaping religious institutions and religious life in more holistic inclusive and justice focused ways from the Introduction Feminism has brought many changes to Christian religious practice From inclusive language and imagery about the Divine to an increase in the number of women ministers Christian worship will never be the same Yet even now there is a lack of substantive structural change in many churches and complacency within denominations The contributors to this book are the thought leaders who are shaping and being shaped by the emerging directions of feminist Christianity They speak from across the denominational spectrum and from the many diverse groups that make up the Christian community as it finds its place in a religiously pluralistic world Taken together their voices offer a starting point for building new models of religious life and worship Topics covered include feminist Theological Visions Scriptural Insights Ethical Agendas Liturgical and Artistic Frontiers Ministerial Challenges *Theology and Feminism* Daphne Hampson, 1991-01-08 Feminism represents a radical challenge to Christianity Having developed its doctrine and its scriptures in a world in which women were considered subordinate the Christian religion is now confronted with a deeply held ethical belief that women should be treated as equals Dr Hampson argues that this ethical challenge confronts the church over the issues of priesthood and ordination language and imagery and hermeneutics and theology In each of these areas she claims the Christian religion cannot by definition come to terms with the equality of women Feminism however suggests new ways to conceive God and reformulate theological ideas for a world in which Christianity is no longer tenable *Theology and Feminism* contains chapters on methodology Christology symbolism anthropology and theology It is the first book from a post Christian perspective to grapple with all the major areas of theology Covering the work of conservative Christian Christian feminist and radical feminist thinkers in religion it will be welcomed by those already familiar with the discussion as well as providing a clear introduction for those who are new to the subject *Introducing Redemption in Christian Feminism* Rosemary Radford Ruether, 1998-01-01 Christianity begins with what appears to be an inclusive promise of redemption in Christ without regard to gender Paul proclaimed that In Christ there is no more male and female Yet Christianity soon developed a patriarchal social structure excluding women from public ministry with the argument that women were created subordinate in nature and were more culpable for sin Here distinguished feminist theologian Rosemary Ruether traces the tension between patriarchal and egalitarian patterns in Christian theology historically She then examines key theological themes Christology the self the cross and future hope in the light of her critique *The Feminist Question* Francis Martin, 2011-10-14 The first work to undertake a theological critique of Christian feminism as a whole this book seeks to bring traditional faith and the

feminist position into a deeper dialogue Part One presents an overview of the historical issues raised by feminist theology Part Two compares key feminist theological presuppositions to the prophetic interpretation of reality found in the biblical tradition

Facing Challenges Allyson Jule, Bettina Tate Pedersen, 2015-05-13 This book is a collection of ten essays all focused on the realities of conducting feminist work within Christian universities and colleges as well as churches The purpose of this collection emerges from the contributors' lives at the intersection of feminist ideas and the Christian contexts in which they work The book's focus is on the ways in which feminism continues to meet resistance from Christian institutions and communities Within these contexts the authors describe the ongoing challenges they face as feminists with their students their colleagues their pastors their fellow congregants their peers and their own families Scholars clergy students and readers interested in understanding feminism more deeply and interested in the intersection of religion feminism and scholarly life will find this collection invaluable Readers will find insights into the everyday feminist work of academics the development of more inclusive student life climates feminist learning in college classrooms and the obstacles to creating more inclusive Christian churches These essays are honest heartfelt and helpful in envisioning more liberating paradigms and practices for feminist Christians who continue to negotiate current realities in integrating feminism with faith in many contexts

Countering the Claims of Evangelical Feminism Wayne Grudem, 2006-10-16 This is the most thorough balanced and biblically accurate treatment of feminism and the Bible I have seen Stu Weber Evangelical feminists boldly assert that male and female roles in the church are interchangeable Society reflects the argument But what does the Bible have to say Wayne Grudem offers more than forty biblical responses to the most crucial questions on this topic showing God's equal value in men and women and why their roles in the church are complementary not interchangeable This to the point handbook is a valuable resource enabling every Christian to grasp the issues including What the Bible says about the roles of men and women in marriage Women in the church and in church leadership Theology and the concepts of equality fairness and justice Claims that a complementarian view is harmful No one will be able to deny the cumulative strength of the case this author makes J I Packer After the Bible I cannot imagine a more useful book for finding reliable help in understanding God's will for manhood and womanhood in the church and the home John Piper

Feminism and Christianity Caryn D. Riswold, 2009-10-01 Why should feminists care about Christianity Why should Christians care about feminism In *Feminism and Christianity* Riswold presents a collection of concise answers to basic questions like these in order to generate discussion about how the two can challenge each other and can even work together in the twenty first century Situated firmly in the third wave of feminist activism and scholarship as well as in contemporary Christian theology Riswold addresses issues such as race class gender and sexuality with an affirmation of tradition alongside a push for change This book is an opportunity for Christians to gain a fuller understanding of feminism moving beyond stereotypes and assumptions and into history and contemporary society Simultaneously this book is an opportunity for feminists to understand the ongoing relevance of a

religion whose social power and core commitments can contribute to a vision of a just human community **Being Feminist, Being Christian** A. Jule, B. Pedersen, 2006-06-10 Can a person be Christian and Feminist at the same time In these extended essays authors explore the various intersections of feminism feminist theory and practice and Christian tradition as it is lived out in the lives of Christian academics Evangelical Feminism Pamela Cochran, 2005 For most people the terms evangelical and feminism are contradictory Evangelical invokes images of conservative Christians known for their strict interpretation of the Bible as well as their support of social conservatism and traditional gender roles So how could an evangelical support feminism a movement that seeks at its most basic level to redress the inequalities injustice and discrimination that women face because of their sex Evangelical Feminism offers the first history of the evangelical feminist movement It traces the emergence and theological development of biblical feminism within evangelical Christianity in the 1970s how an internal split among members of the movement came about over the question of lesbianism and what these developments reveal about conservative Protestantism and religion generally in contemporary America Cochran shows that biblical feminists have been at the center of changes both within evangelicalism and in American culture more broadly by renegotiating the religious symbols which shape its deepest values *Intersectional Identities of Christian Women in the United States* Amanda Hernandez, 2024-09-15 In *Intersectional Identities of Christian Women in the United States* Faith Race and Feminism Amanda Hernandez explores the complex relationship between Christianity and feminism in the United States Often feminism and faith are seen as contradictory to each other Through sociological analysis that includes content analysis survey data and interviews with over forty Christian women the author argues this seeming contradiction is rooted in white supremacy Further she examines how whiteness racism and experiences of sexism shape feminist identities in religious contexts By centering the experiences of Christian women this study challenges existing narratives and calls for a more nuanced understanding of feminism and faith in the United States *Christian Feminism* Judith L. Weidman, 1984 A collection of articles on Christianity feminism and woman's role in the social and religious development of the church What's Right with Feminism Elaine Storkey, 1985 *Beyond Patching* Sandra Marie Schneiders, 2004 Asserts that the current half hearted attempts to patch up the excruciating tensions due to the sometimes morally unacceptable way women are treated in the Catholic Church must be replaced with a whole hearted renewal or the Church stands in danger of losing touch with many of its women Reissue **Feminist Theology/Christian Theology** Pamela Dickey Young, 2000-01-18 This is a thoughtful cogent accessible argument for a theological method that is both feminist and Christian It is a significant advance in the contemporary discussion Anne E Carr A new and very inspiring book about the old question Can a feminist be a Christian theologian Profoundly discussing the different perspectives of feminist hermeneutics the author offers possibilities for a critical religious way of self understanding in a changing society Elisabeth Moltmann Wendel *God's Fierce Whimsy* Mud Flower Collective, 1985 What began as a research project about the implications of feminism for

theological education became a testimonial to the power of feminist commitment as articulated by Mud Flower a collective of Black Hispanic and White Christian women Here is the written record of seven feminists commitment to practice what they preach **Reformed and Feminist** Johanna W. H. Van Wijk-Bos,1991-01-01 Explores the nature and function of Biblical authority in Christian feminism Drawing on her personal experiences of an early childhood spent in the Nazi occupied Netherlands and an adolescence in a faith community with a strong Calvinist cast the author illustrates the ways in which Biblical authority undergirds and expands feminist perspectives back cover **Introducing Feminist Theology** Anne M. Clifford,2001 Introducing Feminist Theology responds to the questions What is feminist theology and Why is it important by considering the perspectives of women from around the globe who have very diverse life experience and relationships to God Church and creation Clifford introduces the major forms of feminist theology radical reformist and reconstructionist and highlights some of their specific characteristics
