Christian Mind How Should A Christian Think:

The Christian Mind: How Should a Christian Think? Harry Blamires, 2005-02-01 In this now classic book noted scholar and author Harry Blamires perceptively diagnoses some of the weaknesses besetting the church with insights as fresh and relevant today as they were in the 1960s Arguing that a distinctively Christian reasoning has been swept away by secular modes of thought and politically correct assumptions the author calls for the recovery of the authentically Christian mind America needs a shot of intellectual insulin directly to its oft sleepy mind Harry Blamires is calling out to Christians to think once again To Blamires Jesus is not some spongy source of giddy joy He is the Christ the hope of hard boiled secularity Calvin Miller Southwestern Baptist Theological Seminary Must reading for those in places of spiritual leadership and in whose hands is borne the responsibility for the nurturing of Christians Pulpit Helps Harry Blamires is a highly respected teacher and author of more than thirty books He has won a wide following of both British and American readers for his provocative works in theology education English literature and fiction His other works include *Where Do We Stand On Christian Truth* and *The Post Christian Mind* The Christian Mind Harry Blamires, 1963 Critique of the way of life of Christians in the Western world seen as succumbing to materialistic values offered by a secularly minded society *The Scandal of the Evangelical Mind* Mark A. Noll, 1995-10-19 Mark Noll has written a major indictment of American evangelicalism Reading this book one wonders if the evangelical movement has pandered so much to American culture and tried to be so popular only to lose not only its mind but its soul as well For evangelical pastors and parishoners alike this is a must read Robert Wuthnow What RU Thinking? Foundations of the Christian Mind (Third Edition) Timothy M. of life and the world Guided by general editors David S Dockery and Trevin K Wax this Bible is an invaluable resource and study tool that will help you to discuss defend and clearly share with others the truth hope and practical compatibility of Christianity in everyday life

The Immediacy of God Douglas Vickers,2009-05-13 The confessing church in our time treats lightly the doctrinal deposit of its theological inheritance The clamor of competition for the reconstruction of belief systems has too often neglected older and more secure moorings In a postmodern age that countenances individual belief idiosyncrasies and accords them sanctity the answer to the ordinary man s question What is the gospel is often clouded and confused Against doctrinal uncertainties and insecurities The Immediacy of God brings back into prominence a number of foundational issues related to the doctrines of God and salvation of theology and soteriology In doing so it anchors its thought structure in the basic apologetic presupposition that God is and in the fundamental hermeneutical principle of divine covenantal purpose The originality of Vickers argument lies in its proposal of new perspectives on its chosen subject range and as it becomes necessary for the elucidation of biblical belief its critical response to proposals for new theological paradigms The organizing core of the book s argument is its proposition regarding the immediacy of God in his being his knowledge his will and his actions That core proposition spills its influence to aspects of human salvation On such levels questions are raised that strike to the heart of the meaning of the divinely instituted redemptive process Divine actions within that process are understood to be immediate rather than mediate Redemptive actions of God are immediate in the sense that no mediating causes exist between those actions and their effects and outcomes in the human condition

The Post-Christian Mind Harry Blamires,1999 In *The Post Christian Mind* Harry Blamires vividly describes the way the media is trashing Christian principles in every area of life human rights marriage family morality health economy environment politics Then he issues a call for Christians to act What we need says Blamires is a Christian backlash a vigorous response to the new paganism of the contemporary world If we find that we are part of the problem here is our chance to become part of the solution Book jacket

Worldviews and Christian Education W. Shipton, E. Coetzee & R. Takeuchi,2013 Christ's instruction to his disciples was to witness to others about his plan of salvation This may be relatively easy when it involves our contemporaries and peers But when we are working with people from a different cultural background or belief system it can be difficult or seemingly impossible In *Worldviews and Christian Education* editors W A Shipton E Coetzee and R Takeuchi have brought together works by experts in cross cultural religious education The authors and editors have a wealth of personal experience in presenting the gospel to individuals with various worldviews that differ greatly from those held by Christians who take the Bible as authoritative They focus on the beliefs and issues associated with witnessing to seekers for truth coming from backgrounds as diverse as animism Buddhism Confucianism Hinduism Islam Marxism Taoism and postmodernism The emphasis is on educational settings but the sensitivities highlighted and lessons learned are applicable to situations outside this area Leaders pastors teachers and laypersons will find valuable conceptual models practical ideas and bibliographic references presented here *Worldviews and Christian Education* challenges all readers to be faithful to the biblical worldview and to approach everyone with sensitivity so that like the apostle Paul they may reach some

With All Your Mind Michael L. Peterson,2001-10-29 *With All Your Mind* makes a compelling case for the value of thinking deeply about education in America from a historically orthodox and broadly ecumenical Christian point of view Few people dispute that education in America is in a state of crisis But not many have posed workable solutions to this serious problem Michael Peterson contends that thinking philosophically about education is our only hope for meaningful progress In this refreshing book he invites all who are concerned about education in America to participate in his study which analyzes representative theories and practical strategies that reveal the power of Christian ideas in this vital area

A Christian Mind Tom Gilson,2017-12-18 *A Christian Mind* presents the best of Tom Gilson's original work from his highly popular *Thinking Christian* blog more than 45 fresh original works of Christian thinking Tom Gilson has a way of uncovering questions others haven't noticed leading toward answers that will open your eyes to new insights about life and truth in Jesus Christ For example What does it mean when John the Baptist famous in Scripture for his humility says something that doesn't sound the least bit humble at all Who else but Jesus ever had any kind of unusual power yet never used his power for his own benefit What can we learn from his unique place in all history and even in all literature Have you ever noticed the Bible never says Jesus had faith Why doesn't it Does Jesus really want to relate with us Of course Even while we're tempted though or even sinning People who want to be very inclusive in their religious views treat the Cross of Christ

as one of many ways to salvation Why should it be obvious even to them that s not possible Jesus was willing to leave many many questions unanswered in his teaching Should we be willing to do that too Genesis 1 1 is totally unique among all stories of creation God s I AM statements in Exodus are too What does that tell us about our faith Skeptics say there s no evidence for faith What s the true understanding of the word faith that makes that accusation true in ways they never expected without undermining true faith at all What if I identify as a perfectly tolerant person Some humor in this one Tolerance the way the world understands it these days is a weak wimpy substitute for a virtue What does the real thing look like Religious liberals shout that Jesus never excluded anyone What do they get right in that and where are they tragically wrong And more In an age of increasing challenges against the faith Tom Gilson s thoughts on life and truth in Jesus Christ will lead you too to develop your Christian mind **Christian Advocate and Journal and Zion's Herald** ,1900 **The Christian Union** ,1887 **A Select Library of Nicene and Post-Nicene Fathers of the Christian Church: St. Ambrose: Select works and letters. 1896** ,1896 **The Christian Work and the Evangelist** ,1908 *The Christian Advocate* ,1927 Recovering the Christian Mind Harry Blamires,1988 **The Christian Science Journal** ,1904 The China Christian Year Book ,1926 The Christian Life ,1884
