Christian Symbol and Ritual Bernard Cooke, Gary Macy, 2005-09-08 In *Christian Symbol and Ritual* Bernard Cooke and Gary Macy offer an accessible and engaging introduction to the topic written from a non denominational perspective Cooke and Macy demonstrate that celebration ritual and symbol are already central to our lives even though most do not see their actions as symbolic or ritualistic They connect central Christian symbols to the symbols and rituals already present in everyday life and place Christian theology in a familiar context After discussing the characteristics and functions of rituals they explore different kinds of ritual including those of friendship worship and healing The authors also examine such questions as how rituals establish and maintain power relationships how official rituals are different from popular Christian rituals and devotions and how Christian rituals function in the process of human salvation *Christian Symbol and Ritual* is an invaluable resource for students teachers and lay readers

Christian Symbols, Ancient Roots Elizabeth Rees, 1992 Ancient peoples articulated and made sense of their lives through the powerful world of symbol and Christianity absorbed such symbols as blood corn fire and water adding new dimensions of meaning to each one By medieval times these symbols provided access to a many levelled world in which pagan and Christian truths shed light upon each other During the Age of Reason the language of symbol was spoken less and now that symbols are valued once again Christians often fear to reconnect religious symbols with their ancient roots As a result the symbol world of modern Christians is often a pale shadow of the world their forebears inhabited This book selects dominant Christian symbols and places them against the archaic background from which they grew drawing on myths and rituals of both ancient and contemporary cultures thereby integrating the worlds of symbol and reality sacred and secular myth and history

understanding of how early Christians experienced religion in lived practice through the study of magical objects such as amulets and grimoires Against the prevailing view of late antiquity as a time when only so called elites were interested in religious and ritual differentiation the evidence presented here reveals that the desire to distinguish between religious and ritual insiders and outsiders cut across diverse social strata The magical evidence also offers unique insight into early biblical reception exposing a textual world in which scriptural reading was multisensory and multitradeational As they addressed sickness demonic struggle and interpersonal conflicts Mediterranean people thus acted in ways that challenge our conceptual boundaries between Christians and non Christians elites and non elites and words materials and images Sanzo helps us rethink how early Christians imagined similarity and difference among texts traditions groups and rituals as they went about their daily lives
