Christian Vision Of Humanity:

The Christian Vision of Humanity John Randall Sachs,1991 The incredible technical achievements of recent history may make us feel little less than gods but we also find much that cuts us down When we face our own limits and failures upon what or whom can we rely The biblical answer to questions about the ultimate nature and meaning of human life begins with the experience of Semitic slaves led out of Egyptian slavery beautifully recounted in Deuteronomy 26 5 11 The New Testament presents Jesus as the culmination of God s Old Testament promise Christian faith has a particular Vision of the world and of humanity founded upon the relationship between God and creation Its key elements are found in the inviolable dignity of every person the essential centrality of community and the significance of human action These are the main themes of a Christian anthropology developed in this book

Concept of Freedom Anselm Kentus Chijioke Eke MSP,2020-08-19 Freedom comes with it a level of responsibility it places a reasonable obligation on the individual Freedom ought to make the individual humble enough to know and accept his her place in the order of things It helps one to appreciate one s humanity and also to recognize one s capabilities and limitations Freedom is a gift from God with which the individual ought to enter into a relationship with the Creator it should not be a reason to abandon the Creator I am convinced that the proper use of freedom will surely make the world a better place and bring glory to God who is the source and summit of our freedom and ultimately of our existence I do not pretend to have the answers to the many questions that I have already raised neither do I lay any claim to having the intention to exhaust all the questions that could be posed in relation to the issue of freedom I am simply setting out on a journey of exploration of freedom and I am hoping that by the end of the journey I would have been able to arrive at some point of clarity to myself and hopefully others who would read this work as to what constitutes true freedom and in whom this true freedom could be found I will sure be operating from my Christian background and hope that at the end I would have been able to prove like St John Paul II once said Freedom consists not in doing what we like but in having the right to do what is right

Hope for the World Roland Chia,2012-08-14 Hope is essential to human life Without hope humanity plunges into despair and life can lose all purpose and meaning Hope energizes people and communities and also produces forbearance and patience In this clear and accessible survey which incorporates Asian perspectives Roland Chia shows how Christian hope presses beyond the limits of both secular and religious world views and confronts the reality of pain suffering and death in the light of the crucifixion and resurrection of Jesus Christ It is hope for God and in God *The Evolution of the*
