Christianity Tolerance And Pluralism:

Christianity, Tolerance, and Pluralism Michael Jenkins, 2004 This book explores the social political and religious differences among Christians and asks the question can Christians be pluralists The Truth About Tolerance Brad Stetson, Joseph G. Conti, 2005-02-28 Brad Stetson and Joseph G Conti explore the use and misuse of the value of tolerance in academic circles and popular media demonstrating that Christian conviction about religious truth provides the only secure basis for a tolerant society which promotes truth seeking Theology, Political Theory, and Pluralism Kristen Deede Johnson, 2007-01-25 How can we live together in the midst of our differences This is one of the most pressing questions of our time Tolerance has been the bedrock of political liberalism while proponents of agonistic political thought and radical democracy have sought an answer that allows a deeper celebration of difference Kristen Deede Johnson describes the move from tolerance to difference and the accompanying move from epistemology to ontology within political theory Building on this ontological turn in search of a theological answer to the question she puts Augustine into conversation with recent political theorists and theologians This theological option enables the Church to envision a way to engage with contemporary political society without losing its own embodied story and practices It contributes to our broader political imagination by offering a picture of rich engagement between the many different particularities that constitute a pluralist society

Tolerance and Transformation Sandra B. Lubarsky, 1990-12-31 In the last twenty five years the effort to understand the ways of others has reinvigorated religious discussion on many levels We have entered what has been described as the Age of Dialogue But what should be the nature of such dialogue And what should be its goal What exactly is the proper relationship between different communities of faith In this book Sandra B Lubarsky offers some new answers to these timely questions She begins with an affirmation of veridical pluralism the position that more than one tradition speaks truth a blessed fact that enables us to enlarge our vision of truth through openness to the perceptions of others Using the concept of transformative dialogue a term borrowed from the theologian John B Cobb Jr she presents a method for the encounter of traditions in an age of religious pluralism one which entails neither a loss of particularity nor a descent into relativism In a Jewish contexts Lubarsky argues that the Noachide Covenant the premodern Jewish approach to non Jews is an inadequate framework for today s dialogue since it accords no independent value to any non Jewish tradition She then gives serious attention to the interreligious views of four seminal modern Jewish thinkers Leo Baeck Franz Rosenzweig Martin Buber and Mordecai Kaplan Acknowledging our tremendous intellectual debt to them she nevertheless calls for a move beyond tolerance and beyond mutual appreciation toward dialogue that may be transformative of our own traditions **Tolerance and Transformation** Sandra B. Lubarsky, 1990-01-01 **Christianity in the Modern World** Ambrose Mong, 2022-01-27 The influence of religion on culture is as strong as ever but the shape of that influence is unique in today s pluralistic society In *Christianity in the Modern World* Ambrose Mong examines critically themes of religious commitment and tolerance attitudes towards other

religions and the sociological aspects of religion and inter religious dialogue He provides an overview of factors that challenge traditional religion from the relationship between monotheistic and polytheistic beliefs to the history of tolerance and intolerance in the church and the future of secularism Following the global ethics formulated by the late Hans Kung Mong also engages with the dialogue between Jurgen Habermas and Joseph Ratzinger to provide an extensive defence of the importance of inter religious dialogue with particular relevance to multiple religious belonging in the Asian context Scholars of world religions will find Mong s analysis compelling while students will find his introduction to the historical dialectics underlying many of today s tensions illuminating

Theology, Political Theory and Pluralism: Beyond Tolerance and Difference. Cambridge Studies in Christian Doctrine. Kristen Deede Johnson, 2014-05-14

Tolerance has been the bedrock of political liberalism while proponents of agonistic political and radical democracy have sought an answer that allows a deeper celebration of difference Kristen Deede Johnson describes the move from tolerance to difference and the accompanying move from epistemology to ontology within recent political theory Building on this ontological turn in search of a theological answer to the question she puts Augustine into conversation with recent political theorists and theologians This theological option enables the Church to envision a way to engage with contemporary political society without losing its own embodied story and practices

Modest Claims Adam B. Seligman, 2004 Many critical political issues revolve around religion and tolerance The predominant approach espouses liberal humanistic virtue These doctrines fail to resonate in communities with traditional religious definitions of self and society This text seeks to uncover sources of toleration and pluralism within Judaism Christianity and Islam

The INTRAfaiTh Conversation: How Do Christians Talk Among Ourselves About INTERfaiTh Matters? Susan Strouse, 2016-03-18 This crisp and cogent book by the Rev Dr Strouse is published at a time when both interfaith and intrafaith dialogue are critical to the vitality of spiritual life in our nation As a parish pastor in a small struggling congregation I have become increasingly aware of the insularity and isolation of many of our parishioners This seems less the result of inadequate parish education as it is the byproduct of too many people getting their information from biased TV networks so called social media or word of mouth We parish pastors need to examine our internal intra congregational conversations about diverse faith traditions and how they bear on congregational mission I was particularly impressed by the author s use of footnotes and her extensive bibliography The book is a walking talking workshop in print with its detailed reflection discussion questions and suggestions for further reading Thank you Pastor Strouse for such a comprehensive presentation of how to approach constructively this timely and important conversation

Review by Richard G Eddy **A Dictionary of the Jewish-Christian Dialogue** Leon Klenicki, Geoffrey Wigoder, 1995 This is an invaluable aid in helping readers become better acquainted with key issues involved in the relationship between Judaism and Christianity It brings together significant discussions of major theological and religious topics that are an integral part of the faith dialogue between Jews and Christians Each topic is treated in two separate essays one by a

Christian scholar the other by a Jewish scholar and points of agreement and decisive differences stand out clearly
