## **Christianity And The Making Of The Modern Family:**

**Christianity and the Making of the Modern Family** Rosemary R. Ruether, 2001-07-13 How did a religion whose founding proponents advocated a shocking disregard of earthly ties come to extol the virtues of the traditional family In this richly textured history of the relationship between Christianity and the family Rosemary Radford Ruether traces the development of these centerpieces of modern life to reveal the misconceptions at the heart of the family values debate

Sexual Virtue Richard W. McCarty, 2015-01-08 Richard W McCarty offers a compassionate and inclusive conception of sexual virtue one that liberates Christians from traditional patriarchal requirements for heterosexuality marriage and procreation Daring to depart from ongoing debates about what Aristotle or Aquinas had to say this book sets a new course centered on virtue ethics It employs new insights from the sciences biblical scholarship analyses of church traditions and revisionist natural law thinking Eschewing simple deconstruction of traditional Christian norms for sexual morality McCarty offers constructive ideas about what might count as real human goods for people in a wide variety of sexual relationships Recreation relational intimacy and selective acts of procreation are three ends of sexual virtue that promote human happiness and can be appreciated in a broad Christian framework While primarily referencing the Roman Catholic intellectual tradition McCarty s work is also vital and accessible to those from Protestant backgrounds Addressed to LGBT and straight readers Sexual Virtue provides a compassionate sexual ethics for our time Singleness and Marriage after Christendom Lina Toth, 2021-07-28 Momentous change is taking place in Western societies and churches Singleness is on the rise along with growing interest in different pathways to human happiness However we still largely consider coupledness as the norm and a symbol of the good life This is especially true in the Christian context where the decline of traditional marriage and family patterns is often presented as an erosion of the Christian way of living Yet when the church was very young the world was also very concerned with the demise of traditional family ways but the culprits accused of destroying family values were none other than Christians A considerable number of them willingly chose to forego marriage embracing Jesus s vision of a new kind of a family the church This book follows the changes in the practice of marriage and singleness from those early days of the Christian movement to our modern preoccupation with romance and coupledness as essential ingredients of a happy fulfilled life It argues that the current surge in the number of single people is actually an opportunity for us to reconsider both singleness and marriage in the larger context of a community of faith **Sexual Reformation?** Manitza Kotzé, Nadia Marais, Nina Müller van Velden, 2022-02-28 Inasmuch as sex and sexuality are not words often spoken from pulpits and in academic theological circles a vast number of utterances have been made in the name of so called Christian values and biblical views on sex and sexuality These are often given from moral ethical perspectives and seemingly very prescriptive who should have sex with whom when sex should take place which purposes sex should serve and especially when sex is wrong Moreover often there is little or no recognition of the complexities surrounding human sexuality resulting

in what appears to be a blueprint for sexuality applicable to all persons This volume contains fourteen theological and ethical reflections by South African scholars on human sexuality with the aim of exploring what a sexual reformation within Christian dialogue might entail Presented in three sections namely systematic theological reflections biblical reflections and ethical reflections the essays represent a range of topics from a variety of perspectives Luther and marriage sexual abuse in the Catholic Church body theology and the sexual revolution reproductive technologies sexuality and reproduction reproductive loss hermeneutical choices and gender reformation in South Africa queer engagements with bra Joseph explorations on Paul and sex rape culture and violent deities the church s moral authority and sexual ethics practical theological considerations regarding infertility empirical research on masculinities in Zambia and the lived experience of transgender people in African Independent Churches

**Different Visions of Love** Brian Griffith, 2008 Griffiths narrative moves like a searchlight over each phase of church history illuminating the visions options and choices behind events He traces the rise of a dominator version of Christianity in which the primary concern was a chain of command to be followed with rewards or punishments according to the degree of obedience And beside this he illuminates another face of Christianity concerned with healing all divisions between loved and unloved people The story Griffith presents is often deeply disturbing as in his unstinting accounts concerning the gospel for women or the age of holy wars and witch hunts But ultimately his story offers solid grounds for optimism He shows that all contention between different religious visions can be a process of building partnership As Griffith points out Jesus himself wished to debate his opponents openly not to silence or eliminate them He was not afraid of real encounter or the potential of creative conflict I want to congratulate Brian Griffith on this masterful controversial and highly readable account His book offers hope in a divided world where reaction against globalized godless corporate secularism meets with a war on religious fundamentalism I hope to see other writers do comparable work in highlighting the partnership and dominator visions within their religious traditions around the world

Riane Eisler author of *The Chalice the Blade Sacred Pleasure* *Tomorrows Children* *The Power of Partnership* *The Real Wealth of Nations* I find it gives me an incredibly clarifying perspective on Christianity way beyond my previous understanding It should be read by everyone with an interest in Western Civilization It is a marvelous companion to *The Great Turning* David Korten author of *The Great Turning From Empire to Earth Community*

The Child in American Evangelicalism and the Problem of Affluence David A. Sims, 2009-06-01 This work presents an evangelical theology of the child nurtured in the context of American evangelicalism and affluence It employs an eclectic theological critical method to produce a theological anthropology of the affluent American evangelical child AAEC through interdisciplinary evangelical engagement of American history sociology and economics Sims articulates how affluence constitutes a significant impediment to evangelical nurture of the AAEC in the discipline and instruction of the Lord Thus the problem he addresses is

nurture in evangelical affluence conceived as a theological anthropological problem Nurture in the cultural matrices of the evangelical affluence generated by technological consumer capitalism in the U S impedes spiritual and moral formation of the AAEC for discipleship in the way of the cross This impediment risks disciplinary formation of the AAEC for capitalist culture cultivates delusional belief that life consists in an abundance of possessions and hinders the practice of evangelical liberation of the poor on humanity s underside The result is the AAEC s spiritual moral lack in late modernity Chapter 1 introduces the problem of the AAEC Chapters 2 and 3 provide a diachronic lens for the theological anthropology of the AAEC through critical assessment of the theological anthropologies of the child in Jonathan Edwards Horace Bushnell and Lawrence Richards Chapters 4 and 5 constitute the synchronic perspective of the AAEC Chapter 4 presents an evangelical sociology of the AAEC drawing upon William Corsaro s theory of interpretive reproductions and chapter 5 constructs an evangelical theology of the AAEC through critical interaction with John Schneider s moral theology of affluence Chapter 6 Whither the AAEC concludes with a recapitulation of the work and a forecast of possible futures for the AAEC in the twenty first century

**Women, Celibacy, and the Church** Annemarie S. Kidder, 2003 In our world today many single and celibate people find themselves isolated on all sides In the secular culture with its glorification obsexual behavior celibacy is seen as restrictive a denial of one s deepest nature In religious circles for anyone but Roman Catholic priests being single is often seen as a temporary and unfortunate stage in life something to be stoically endured until marriage But in fact millions of people in the pews of Protestant Episcopal and Catholic churches every week are living a single life and many are happy to stay that way Whether widowed never married or divorced many believers understand their single lives not as a passing moment but as a celebratory way of life rich in its own benefits and rewards In this book Annemarie Kidder offers the theological basis for what so many Christians experience in their own lives By examining Hebrew and Christian scriptures early church writings from the East and West and later commentators she develops a theology of the single life applicable to both women and men Protestant Episcopal and Catholic This book is a must read for all single Christians both those who feel called to remain single and those who for whatever reason find themselves single for long periods of time Book jacket
