Christmas A Pictorial Pilgrimage:

Christmas Pierre Benoit,1970 **Easter; a Pictorial Pilgrimage** Pierre Benoit,Konrad Leube,1969 The present work is not an attempt to present still another report of a pilgrimage It is rather an attempt to take the reader on his own pilgrimage to help him relive by viewing the Holy Places and seeing the works of art wrought with devotion the life and the passion of Jesus Readers who have visited Jerusalem personally will find their memories rekindled by many of the photographs while at the same time seeing for the first time places and things which escaped them during their visit Here are works of art hung in obscure dimly lit corners treasures which have been buried under dust allowed to accumulate for untold decades Some are kept in chambers accessible only by special permission the Holy of Holies in Bethlehem s Church of the Nativity and St Constantin and St Helena the Church of the Greek Orthodox Patriarchate in Jerusalem are but two examples As a matter of fact the majority of the photographs in this book are of works which have never before been reproduced The works which we have photographed are an integral part of the holy places and it is our hope that they together with the sites themselves combine to present not merely the story but the mood and the spirit of the Passion which is after all at the heart of this effort Foreword

The Encyclopedia of Christian Literature George Thomas Kurian,James D. Smith III,2010-04-16 The written word is one of the defining elements of Christian experience As vigorous in the 1st century as it is in the 21st Christian literature has had a significant function in history and teachers and students need to be reminded of this powerful literary legacy Covering 2 000 years The Encyclopedia of Christian Literature is the first encyclopedia devoted to Christian writers and books In addition to an overview of the Christian literature this two volume set also includes 40 essays on the principal genres of Christian literature and more than 400 bio bibliographical essays describing the principal writers and their works These essays examine the evolution of Christian thought as reflected in the literature of every age The companion volume also features bibliographies an index a timeline of Christian Literature and a list of the greatest Christian authors The encyclopedia will appeal not only to scholars and Christian evangelicals but students and teachers in seminaries and theological schools as well as to the growing body of Christian readers and bibliophiles
