Christology of Hegel James Yerkes, 1983-01-01 James Yerkes undertakes a systematic exploration of the full range of Hegel's works to discover what philosophical religious and historical significance Hegel attributed to the Christian witness that Jesus of Nazareth was the Christ

The Incarnation of God Hans Küng, 1987-01-01 This work introduces the English speaking reader to the theoretical foundations of Kng's popular works an indispensable prolegomena for every future Christology

Hegel's Political Theology Andrew Shanks, 1991-10-25 This study attempts to grasp the continuing contemporary relevance of Hegel's political theology which the author interprets as a uniquely radical critique of every sort of religious authoritarianism By relating Milan Kundera's concept of kitsch to Hegel's thought Dr Shanks shows that Hegel's philosophy has important implications and that it is still able to serve as a resource and an inspiration in modern times an age in which kitsch is pervasive and damaging

Christ and Revelatory Community in Bonhoeffer's Reception of Hegel David S. Robinson, 2018-06-22 Back cover How is God revealed through the life of a human community Dietrich Bonhoeffer's theological ethics begins from the claim to Christ existing as community which David Robinson presents as one of several critical and politically astute variations on G W F Hegel's philosophy of religion

Metaphysics as Christology Jonael Schickler, Fraser Watts, 2017-03-02 In Metaphysics as Christology Jonael Schickler presents a major contribution to both philosophy and theology First he examines the key philosophical problems with which Kant and Hegel grappled and finds in the work of Rudolf Steiner the essence of a solution to them he claims that Steiner returned to Hegel's philosophical problems but was better able to solve them Schickler uses these philosophical debates about knowledge and truth to understand the significance of Christ Building on the work of Hegel Schickler argues that Christ has made possible the developments in human consciousness that restore humanity's relationship to the surrounding world This is a bold and rigorous work that opens up new directions in both philosophy and theology Fraser Watts contributes the Foreword and George Pattison an extensive Preface

The Christology of G.W.F. Hegel James Yerkes, 1976

Quest for a Philosophical Jesus Vincent A. McCarthy, 1986 In this book Vincent A McCarthy examines the work of four philosophers of the late eighteenth and early nineteenth centuries Rousseau Kant Hegel and Schelling who were committed to no lesser goal than the philosophical rehabilitation of Christianity and its Christ in the wake of the Enlightenment They sought the elusive philosophical formula for reconciling reason and revelation and then elaborated it in a philosophy of religion that would rearticulate the religion of Jesus in a positive light as against the destructive momentum and dark shadows cast by Enlightenment religious thought This was however no modern apologetics and traditional Christians were

largely displeased and disturbed by the results For what becomes of Christianity and its Christ in the works of these philosophers occurs not for the sake of Christianity but for the sake of philosophy Rousseau Kant Hegel and Schelling spearheaded an audacious attempt to fulfill philosophy's program in a philosophy of religion and to save religion from philosophy and for philosophy Professor McCarthy examines in detail the philosophies of Christianity and the philosophical Christologies they created Their work did not issue in unqualified success yet the influence reaction rejection and revival that each has generated as well as the lessons of their failures commend them to critical attention still

Hans Urs von Balthasar's Theology of Representation Jacob Lett, 2023-04-15 This penetrating study makes a case for the centrality of the concept of representation *Stellvertretung* in Hans Urs von Balthasar's theological project How is it possible for Christ to act in the place of humanity In Hans Urs von Balthasar's Theology of Representation Jacob Lett broaches this perplexing soteriological question and offers the first book length analysis of Balthasar's theology of representation *Stellvertretung* Lett's study shows how Balthasar rehabilitates the category of representation by developing it in relationship to the central mysteries of the Christian faith concerned by the lack of metaphysical and theological foundations for understanding the question above Balthasar ultimately grounds representation in the trinitarian life of God making action in the place of the other central to divine and creaturely being Lett not only articulates the centrality of representation to Balthasar's theological project but also demonstrates that Balthasar's theology of representation has the potential to reshape discussions in the fields of soteriology Christology trinitarian theology anthropology and ecclesiology This work covers a wide range of themes in Balthasar's theology including placial and spatial metaphors a post Chalcedonian Christology of Christ's two wills and theories of drama This book is also a text of significant comparative range Lett considers Balthasar's key interlocutors Gregory of Nyssa Maximus Aquinas Przywara Ulrich Barth and expands this base to include voices beyond those typically found in Balthasarian scholarship including Dietrich Bonhoeffer and Dorothee Sölle The overall result is a deeply probing presentation of one of Balthasar's most significant contributions to contemporary theology

Hegel and Christian Theology Peter Crafts Hodgson, 2005 Aimed at theologians philosophers of religion scholars and students Peter Hodgson provides a study of Hegel and of 19th century religious thought

A Theological Reading of Hegel's Phenomenology of Spirit, with Particular Reference to Its Themes of Identity, Alienation and Community Esther D. Reed, 1996 Concerns the relationship between theology and socio philosophy and considers the type of dialogical theory required to articulate the meaning of salvation socially It gives practical content to a theological understanding of salvation through consideration of issues raised by Hegel in The Phenomenology of Spirit

Life in the Spirit Douglas Finn, 2015-12-31 Since the nineteenth century many philosophical and theological commentators have sought to trace lines of continuity between the Trinitarian thought of Augustine of Hippo 354-430 and G W F Hegel 1770-1831 Many contemporary Christian theologians have also criticized Augustine's Trinitarian theology generally and his doctrine of the Holy Spirit more specifically through this historical lens At

the same time Hegelian Trinitarian conceptual dynamics have come to exert a strong influence over contemporary Trinitarian theology In *Life in the Spirit* Douglas Finn seeks to redress several imbalances with respect to Augustine imbalances that have one of their hermeneutic causes in a Hegelian influenced theological tradition Finn argues that common readings of Augustine focus too much on his *De Trinitate* books 8-15 betraying a modern and to some extent Hegelian prejudice against considering sermons and biblical commentaries serious theological work This broadening of Augustinian texts allows Finn to critique readings of Augustine that on the one hand narrow his Trinitarian theology to the so called psychological analogy and thus chart him on a path to Descartes and Hegel or on the other hand suggest he sacrifices a theology of the Trinitarian persons on the altar of divine substance Augustine's Trinitarian theology on Finn's reading is one fully engaged with God's work in history With this renewed understanding of Augustine's Trinitarianism Finn allows Augustine to interrogate Hegel with his concerns rather than only the other way around In this ambitious study Finn shows that Hegel's rendition of Christianity systematically obviates whole swaths of Christian prayer and practice He does this nonpolemically carefully and with meticulous attention to the texts of both great thinkers *The Doctrine of the Person of Jesus Christ* Hugh Ross Mackintosh, 1912

Divine Humanity David Brown, 2010-12-17 For almost a century British understanding of the life of Christ was dominated by one particular way of interpreting the incarnation as a kenosis or self emptying that involved real change in God In this controversial and ground breaking work David Brown argues that the sharp decline in the popularity of such ideas in more recent years is undeserved There is in fact a rich strain of creative thinking in its original advocates that needs to be re assessed not least in the light of the wider intellectual challenges of time to which they were responding But going further than this Brown also attempts a defence of his own Even if readers disagree with the author's conclusions they are likely to be impressed by the range of issues considered in pursuit of a fully human incarnate Christ David Brown is Professor of Theology Aesthetics and Culture and Wardlaw Professor at St Mary's College School of Divinity in the University of St Andrew's Trying to think of a book to recommend to students on the subject of kenoticism I read David Brown's *Divine Humanity* and my problem was solved Not only does it provide a clear and often intriguing narrative of the development of modern kenotic Christologies it also gives a compelling account of why kenoticism makes an important contribution to our own time's attempts to think about the meaning of the Incarnation The sweep and depth of learning is as ever impressive and it is good to see the distinctiveness of Scottish and English contributions to this modern tradition emphasized without of course neglecting the key continental thinkers or the constant but elusive role of Hegel Characteristically Brown ends with quotations from John Donne and Christopher Smart and one is left with a sense of the imaginative force of the kenotic Christ as much as with the cogency of the often complex arguments with which the theologians have attempted to argue his case George Pattison Lady Margaret Professor of Divinity Oxford David Brown's return to mainstream Christian theology and metaphysics is greatly to be welcomed We are given here a fascinating survey of the British tradition of kenotic Christology

finely contextualised and then related to the prevalence of Kenoticism in virtually all contemporary theologies of creation and incarnation Protestant Catholic and Orthodox The idea of divine self emptying is not to be contrasted with two natures Christology It is crucial to any attempt to spell out the doctrine of God s own identification with the human world in the person of Jesus Christ Brian Hebblethwaite Queens College Cambridge **Hegel's Trinitarian Claim** Schlitt,2024-10-28

Hegel and the Spirit Alan M. Olson,2010-01-24 Hegel and the Spirit explores the meaning of Hegel s grand philosophical category the category of Geist by way of what Alan Olson terms a pneumatological thesis Hegel s philosophy of spirit according to Olson is a speculative pneumatology that completes what Adolf von Harnack once called the orphan doctrine in Christian theology the doctrine of the Holy Spirit Olson argues that Hegel s development of philosophy as pneumatology originates out of a deep appreciation of Luther s dialectical understanding of Spirit and that Hegel s doctrine of Spirit is thus deeply interfused with the values of W rtemberg Pietism Olson further maintains that Hegel s Enzyklopdie is the post Enlightenment philosophical equivalent of a Trinit tslehre and that his Rechtsphilosophie is an ecclesiology Thus Hegel and the Spirit demonstrates the truth of Karl Barth s observation that Hegel is the potential Aquinas of Protestantism Exploring Hegel s philosophy of spirit in historical cultural and personal religious context the book identifies Hegel s relationship with Hlderlin and his response to Hlderlin s madness as key elements in the philosopher s religious and philosophical development especially with respect to the meaning of transcendence and dialectic **Journeys to Selfhood** Mark C. Taylor,1980 Taylor humanities and religion Williams College Massachusetts reconsiders the two philosophers based on the notion that all modern philosophy lies between the poles of their thought He has added a new introduction to the 1980 original edition **The Possibilities of Theology** John Webster,1994-01-01 These essays by leading British and North American theologians are a tribute to Eberhard J ngel one of the world s foremost Christian thinkers and an interpretation and evaluation of his work Each essay analyses a central theme showing the importance and impact of J ngel s thought in constructive contemporary theology **The Australasian Journal of Psychology and Philosophy** ,1924
