[Build a Text-to-Image Generator \(from Scratch\)](#) Mark Liu, 2025-12-30. Build your own vision transformer and diffusion models for text-to-image generation from scratch. *Build a Text-to-Image Generator from Scratch* takes you step-by-step through creating your own AI models that can generate images from text. You'll explore two methods of image generation: vision transformers and diffusion models, and learn vital AI development techniques as you go. *Build a Text-to-Image Generator from Scratch* teaches you how to build and train models to generate high-resolution images based on text descriptions. Edit an existing image based on text prompts. Build and train a model to add captions to images. Build and train a vision transformer to classify images. Fine-tune LLMs for downstream tasks such as classification, text, or image generation. Better differentiate real images from deepfakes. *Build a Text-to-Image Generator from Scratch* dives into the powerful models behind AI image generators like DALL-E and Stable Diffusion. We believe that the best way to learn is to build something from scratch, so in this book, you'll build your very own diffusion model and vision transformer. As you work through each stage of development, you'll develop an understanding of how these models can be customized, applied, and integrated for impressive multimodal AI. About the book: *Build a Text-to-Image Generator from Scratch* guides you through creating AI models that can generate amazing images from simple text prompts. You'll explore two distinct methods, learning how

transformers turn images into sequences of patches and how diffusion models refine noise into coherent images Author Mark Liu explains each stage with clear text diagrams and examples You ll develop models that can classify images automatically add image captions reconstruct images and deliver high resolution content By the time you re done you ll have a deep understanding of how image generation AI works and the satisfaction of building your text to image models About the reader For machine learning enthusiasts and data scientists with intermediate Python skills About the author Mark Liu is the founding director of the Master of Science in Finance program at the University of Kentucky He is also the author of Learn Generative AI with PyTorch
