paper from the year 2018 in the subject Business economics Offline Marketing and Online Marketing grade 2 0 University of Applied Sciences Deggendorf language English abstract Nowadays it is a decisive role for the image of a company to be represented on social media because it is one of the most important type of media in today's time The influence of traditional media is declining sharply Companies thus lose the opportunity to reach their target groups via these older communication channels At the same time almost 80% of adults are online and are spending daily 166 minutes on average in the web Consumers look at other consumers to inform themselves about products and services This is why a new segment of Marketing has developed so called Influencer Marketing It is a trend topic and many companies deal already with it Many tourism companies agree that Marketing of their offers is mostly online But customers do not exclusively inform themselves online Word of mouth from family and friends are still worth a lot Consequently the tourism companies cannot compete with personal relations Nevertheless there is an opportunity to work with bloggers and thus imitate the personal recommendation Most tourism experts are already actively using social media and look above all opportunities for stronger customer loyalty direct contact with customers but also for addressing new target groups The aim of the present work is to define Influencer Marketing and to work out the benefits for the tourism industry Obsession Nicole Madigan, 2023-05-02 A gripping blend

of memoir investigation and expert analysis Obsession takes a deep dive into the disturbing phenomenon of stalking Journalist Nicole Madigan was stalked for over three years The relentless and debilitating experience wreaked havoc in her personal and professional life leaving her trapped in a constant state of fear and anxiety Nicole uses her own story as an entry point to examine the psychology behind stalking behaviours and their impact on victim survivors Whether by a stranger

acquaintance or former partner stalking can have a catastrophic effect on a victim survivor's mental, social, and financial wellbeing. At its worst, it can lead to physical violence, even death. In this timely and compelling enquiry, Madigan explores the blurred lines between romantic interest and obsession, admiration and fixation. Through expert consultation and the personal stories of other victim survivors, she analyses society's attitude towards stalking and its role in popular culture while highlighting the failings of the legal system in protecting victims.

Space Between, The Zara McDonald, Michelle Andrews, 2020-09 There's this weird gap in life that's fuelled by cheap tacos and even cheaper tequila, also known as our twenties. It's a specific limbo between being a teenager and a Proper Adult, and though it's wildly confusing, often lonely, sometimes embarrassing, and frequently daunting, there's also a whole lot of magic to be found in the chaos.
