Readers' Guide to Periodical Literature Anna Lorraine Guthrie, Bertha Tannehill, Neltje Marie Tannehill Shimer, 1904 An author subject index to selected general interest periodicals of reference value in libraries Defending Against Woke Cultural Warfare Conrad Riker, 101-01-01 They Want You Weak Here's How to Fight Back Tired of being called a racist for questioning narratives that blame you for society's problems Had enough of being shamed for embracing strength while the world begs men to act vulnerable Sick of watching your sons get indoctrinated by schools that teach them to hate their own heritage 1 Debunk the lies behind systemic racism with F B I crime stats and Harvard studies they don't want you to see 2 Unmask the Soviet style tactics of Critical Race Theory and why M L K would've called it race Marxism 3 Escape the marriage plantation Learn how no fault divorce and false accusations turn men into slaves 4 Defy the fertility crisis by rejecting feminist gynocracy that prioritizes careers over family 5 Crush woke censorship using decentralized platforms and Bitcoin to bypass their control 6 Leverage evolutionary psychology to prove why male leadership built and can save civilization 7 Resist the Great Replacement with data on demographic shifts threatening Western nations 8 Rebuild heroic masculinity through redpill tactics that prioritize truth duty and legacy If you want to dismantle the lies protect your freedom and lead with unapologetic masculine purpose buy this book today *The Age of Promiscuity* Doru Pop, 2018-11-15 This book presents an original and engaging look at contemporary popular culture opening with the provocative idea that this is a day and age of complete exhaustion of ideas images stories and myths Questioning the effects of content recycling in cinema and other media the author further elaborates on the repurposing of cultural junk the reassembling of narratives and myths The thought provoking hypothesis proposed in this research is that we have entered an age of cultural promiscuity By analyzing the mutations of myth making practices and connecting them with larger cultural manifestations the author

explains these transformations as integral to the development of a myth illogical imagination Cinematic and mythological representations in mainstream Hollywood films have reached a point of amalgamation with no return which marks the beginning of a fourth age of representations where signs and meanings are manifested in illogical permutations This is more explicit in films that commingle aliens cowboys undead American presidents and zombie nazis joining together in the same narrative ghosts werewolves and vampires aggregating disjointed storylines and historical fake facts all coalesced in an orgy of empty burlesque and infantile masquerades This interdisciplinary research combines cultural studies film criticism art and myth interpretations bringing into the debate multiple concepts from related fields such as critical theory and media criticism The book also opens up to innovative approaches from a wide array of academic disciplines offering researchers students and those fascinated by the transformations happening in contemporary cinema an interpretative tool based on a revised dialectic approach The conclusion is that we are now victims of a zombie semiotics Meaning making in contemporary culture politics and aesthetics is dominated by a process of incessant desecration of significations specific to the total mishmash of representations analyzed here
