Sociology, Work, and Organisations Brian McDonough, Jane Parry, 2024-10-23 This accessible edited collection provides global context for undergraduate and postgraduate students studying the sociology of work and organisations Composed of short example led chapters this book covers a wide range of contemporary topics including the COVID 19 pandemic the digitalisation of work

the gig economy and the shifting roles of women and other marginalised groups The book's innovative approach uses case studies as diverse as work life balance in China gender pay inequity in Britain and Germany and the exploitation of workers on the Mexico US border to incorporate perspectives from both the Global North and South and provide students with the tools to analyse new developments in the rapidly changing world of work The book is particularly concerned with inequalities and marginalisation in the workplace discussing discrimination against women ethnic minorities migrants and older workers The book also explores how increasing digitalisation the rise of the gig economy and the COVID 19 pandemic have impacted working practices and how this relates to precarious employment Other chapters are dedicated to issues of workplace organisation including female leadership work life balance and well being The book goes on to explore how climate change and policies such as Universal Basic Income may shape the future of work in the near future Each chapter also includes useful pedagogical resources including practice exam questions key concepts and definitions and further readings Therefore the book will be therefore essential reading for undergraduate and postgraduate students studying the sociology of work business management and organisation **Agency, Change and Learning** Julian Randall, Bernard Burnes, 2023-12-05

Despite the plethora of books on change there appears a notable gap in the field rarely is the authentic and candid voice of change agents heard How often do academics or practitioners candidly state what they actually do when they are faced with managing change in their own organisations or when they are called on in a consultancy capacity In this new book the editors bring together a diverse group of contributors who have worked as Internal Change Agents in organizations to divulge what they really do and think about change The authors draw on their own research work involving change agents and their change interventions and include current reflections on the post Covid world of work and the change required for achieving change interventions successfully Each contribution offers perspectives from real change programmes in both the public and private sector offering a unique opportunity to move beyond theory and understand change in practice The book offers valuable insights for academics and students of organisational change and behaviour leadership and organisational development **Flexible Lives** Stefanie Reissner, Michal Izak, 2025-08-07 This geographically and methodologically diverse volume shines the spotlight on a variety of flexible working practices beyond the predominantly Western perspective and zooms in on the gendered aspects of flexible working The increasing use of flexible work arrangements has decoupled work from time and space making the world of work and home increasingly fluid and challenging to manage The Covid 19 pandemic in particular has been a catalyst for questioning accepted norms of where when and how work takes place This book seeks to explore the impact which this reshaping of traditional modes of working has had on workplace interactions and relationships as well as on managing the boundaries between familial and working lives In this way this collection contributes to a wider dialogue concerning the flexibility challenges encountered by white collar workers which is needed now more than ever This book will be relevant to scholars practitioners and policymakers in the fields of gender studies

organizational behavior human resources and labor economics It will be particularly useful for those examining the impact of remote work the future of work organizational culture and the social and economic implications of shifting work practices The chapters in this book were originally published in *Culture and Organization* and are accompanied by an updated Introduction and a new Epilogue *Professions, Information Technology, and Management in Hospitals* Mike Dent,1996 With the introduction of resource management doctors and nurses are now directly involved in the management of hospitals as clinical directors and ward managers This work focuses on the roles played by Information Technology in this process and its implications for the health service *The Garden Magazine* ,1905 **A Framework for Supported Employment** Anne O'Bryan,2000 Supported employment is widely recognized as a major contributor to helping disabled people get into and sustain work However in the UK supported employment is not yet delivering its full potential at least in part due to a wider social policy framework that fails to accommodate this approach Employment Programme and local authorities are developing Welfare to Work Joint Investment Plans this report outlines a framework for a new approach It pulls together key components of the existing system and identifies policies structures and skills that need to be in place The findings are based on wide consultation with relevant organisations and individuals from the UK and abroad **Garden Magazine and Home Builder** ,1905 *Modern Dahlia Culture* William Henry Waite,1928 *Garden & Home Builder* William Tyler Miller,1905
