Enhancing Intergenerational Social Connections Using Shared Common Values Chandan, Harish Chandra,2025-11-07 In an increasingly fragmented and fast

paced world strengthening connections between generations has become both a challenge and a necessity for today's world. One powerful yet often overlooked way to bridge generational divides is through the recognition of shared common values such as shared likes and responsibilities, common interests and community development. These core principles transcend age and time, offering a foundation upon which meaningful relationships can be built and sustained. By focusing on unification, this approach may help build a deeper understanding and renewed sense of belonging across generations.

Enhancing Intergenerational Social Connections Using Shared Common Values explores social connections as meaningful interaction between individuals from different generations within families, communities and societies. It explores how shared interests among generations promotes intergenerational social connections and offers opportunities for mentorship, shared wisdom and a sense of belonging in communities. Covering topics such as judicial systems, social values and intergenerational solidarity, this book is an excellent resource for sociologists, academicians, researchers and scientists. **AI**
