**ARTIFICIAL INTELLIGENCE AND CONTEMPORARY MEDIA** Dr. Moon Jana, Dr. Shourini Banerjee, 2025-06-13 Artificial Intelligence plays a pivotal role in transitioning from generic uniform content to personalised experiences tailored for individualistic approach Utilising sophisticated algorithms AI platforms analyse user sentiments behaviours and engagement patterns to curate tailored content news feed videos articles and advertisements This book aims at understanding different viewpoints from authors on Artificial Intelligence technology and the contemporary media scenario

**A Human Algorithm** Flynn Coleman, 2019-10-01 A groundbreaking narrative on the urgency of ethically designed AI and a guidebook to reimagining life in the era of intelligent technology The Age of Intelligent Machines is upon us and we are at a reflection point The proliferation of fast moving technologies including forms of artificial intelligence akin to a new species will cause us to confront profound questions about ourselves The era of human intellectual superiority is ending and we need to plan for this monumental shift **A Human Algorithm How Artificial Intelligence Is Redefining Who We Are** examines the immense impact intelligent technology will have on humanity These machines while challenging our

personal beliefs and our socioeconomic world order also have the potential to transform our health and well being alleviate poverty and suffering and reveal the mysteries of intelligence and consciousness International human rights attorney Flynn Coleman deftly argues that it is critical that we instill values ethics and morals into our robots algorithms and other forms of AI Equally important we need to develop and implement laws policies and oversight mechanisms to protect us from tech s insidious threats To realize AI s transcendent potential Coleman advocates for inviting a diverse group of voices to participate in designing our intelligent machines and using our moral imagination to ensure that human rights empathy and equity are core principles of emerging technologies Ultimately A Human Algorithm is a clarion call for building a more humane future and moving conscientiously into a new frontier of our own design Coleman argues that the algorithms of machine learning if they are instilled with human ethics and values could bring about a new era of enlightenment San Francisco Chronicle [PC Mag](#) ,2005-10-18 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology [Strategic Social Media Management](#) Karen E. Sutherland,2020-12-21 This textbook provides a lively introduction to the fast paced and multi faceted discipline of social media management with international examples and perspectives Aside from focusing on practical application of marketing strategy the textbook also takes students through the process of strategy development ethical and accurate content curation and strategy implementation through detailed explanations of content creation Combining theory and practice Strategic Social Media Management teaches students how to take a strategic approach to social media from an organisational and business perspective and how to measure results Richly supported by robust and engaging pedagogy and cases in each chapter it integrates perspectives from public relations marketing and advertising and examines key topics such as risk ethics privacy consent copyright issues and crises management It also provides dedicated coverage of content strategy and campaign planning and execution Reflecting the demands of contemporary practice advice on self care for social media management is also offered helping to protect people in this emerging profession from the negativity that they can experience online when managing an organisation s social media presence After reading this textbook students will be able to develop a social media strategy curate accurate and relevant content and create engaging social media content that tells compelling stories connects with target audiences and supports strategic goals and objectives This is an ideal textbook for students studying social media strategy marketing and management at undergraduate level It will also be essential reading for marketing public relations advertising and communications professionals looking to hone their social media skills and strategies [Human Extinction](#) Émile P. Torres,2023-06-15 This volume traces the origins and evolution of the idea of human extinction from the ancient Presocratics through contemporary work on existential risks Many leading intellectuals agree that the risk of human extinction this century may be higher than at any point in our 300 000 year history as a species

This book provides insight on the key questions that inform this discussion including when humans began to worry about their own extinction and how the debate has changed over time It establishes a new theoretical foundation for thinking about the ethics of our extinction arguing that extinction would be very bad under most circumstances although the outcome might be on balance good Throughout the book graphs tables and images further illustrate how human choices and attitudes about extinction have evolved in Western history In its thorough examination of humanity s past this book also provides a starting point for understanding our future Although accessible enough to be read by undergraduates Human Extinction contains new and thought provoking research that will benefit even established academic philosophers and historians **Dr. Dobb's**
