reflecting its aim to reach a broad audience across different professional fields. It is designed for employees at all levels offering valuable insights to both newcomers to AI and seasoned professionals. Covering a range of topics from foundational concepts to advanced applications, the book is particularly relevant for those interested in improving efficiency with a strong emphasis on practical applications and productivity tools to optimize work processes. For organizations and businesses, the book serves as a valuable resource for decision makers and managers, especially with chapters on data driven decision making, strategic considerations, and AI implementation. HR and training professionals will find the focus on AI in training and development beneficial for talent management, while IT and technology teams will appreciate the information on AI tools and concepts.

Adjunct Faculty in Online Higher Education: Best Practices for Teaching Adult Learners Tarbuton, Tanya McGlashing, Doyle, Lori Beth, 2024-01-22

Adjunct Faculty in Online Higher Education: Best Practices for Teaching Adult Learners is an essential handbook that delves into the pivotal role of adjunct faculty instructors in the booming realm of online higher education, with a specific focus on adult learners. As the demand for online education continues to soar, administrators, program directors, and adjunct faculty instructors alike are presented with unique challenges and opportunities. This comprehensive guidebook provides a wealth of knowledge and best practices for adjunct faculty instructors seeking to excel in online teaching roles. With a keen understanding of the competitive nature of the field, this book equips instructors with valuable insights that will set them apart in the ever-expanding landscape of higher education. University administrators and program directors will also find immense value in the book's content, which explores strategies for providing professional development to adjunct faculty and designing effective evaluations to support continuous improvement. Recognizing the paramount importance of the student experience, the book emphasizes the crucial role played by adjunct faculty in representing their respective institutions. Covering a wide range of topics from the historical context of adult learners to the challenges associated with being an adjunct instructor, this handbook serves as a comprehensive guide for both aspiring and experienced adjunct faculty members. It offers practical advice on curriculum design, personnel development, and evaluation methods, empowering administrators and directors alike to make informed decisions in hiring and supporting adjunct faculty instructors.

Proceedings of the E-Learning and Smart Engineering Systems (ELSES 2024) Mohamed Khaldi, Mehdi Kaddouri, Mohamed Erradi, 2025-07-21

This is an open access book. The second edition of the ELSES conference under the title *Innovative Pedagogical Practices in the Era of Artificial Intelligence* dedicated to innovation in pedagogical practices aims to be a platform for reflection, exchange, and discovery of the opportunities offered by the integration of AI in education. In a world of constant technological evolution, Artificial Intelligence has emerged as a transformative force capable of redefining the contours of learning and teaching. Today, we are committed to exploring the frontiers of this transformation, discussing the challenges and envisioning the multiple possibilities offered by this convergence between education and technology. During this international conference, leading experts, innovative researchers,

and key players in education will share their knowledge experience and innovative ideas Together we will explore the fascinating world of AI applied to education analyze its current impact and anticipate ways of integrating it judiciously and ethically into our educational practices We are convinced that this meeting represents a fundamental step towards catalyzing constructive dialogue stimulating innovation and forging an educational future where technology serves the development and education of everyone *The Parent-School Board Feuds* Gerard Giordano,2024-10-02 During the COVID 19 pandemic parents were able to observe their children in online classes They were surprised by classroom discussions and assignments related to gender race ethnicity and religion along with the policies that were guiding curricula tests technology athletics discipline safety transportation funding and numerous other aspects of schools Parents began giving their advice to their school boards but when they were ignored they disrupted meetings wrote editorials created blogs staged rallies and lobbied state officials They were hoping to attract media attention and acquire political power and were stunned by their success TheParent School Board Feuds Essential Steps by Parents to Improve Schools recounts parent school board feuding about controversial classroom topics such as gender and race their disagreements about school policies including those affecting tests technology athletics and discipline and the impact that parents had during the pandemic and continue to have today
