Loyalty in Bangladesh Dr. Md. Uzir Hossain Uzir,Profession Dr. Abu Bakar Abdul Hamid,Dr. Ts. Dr. Ahmad Shaharudin Abdul Latiff,Israaq Jerin,2021-05-06 A brand is a valuable asset and loyalty to a particular brand is the source of revenue and profitability of the business Brand loyalty is significant for the business growth and expansion of companies in the electronics sector A populated country Bangladesh has a substantial expenditure on electronic appliances and the demand for these household items increases over the period however customers are not always loyal to a particular brand Marketing literature shows that customer satisfaction and brand confidence directly affect brand loyalty and brand trust mediates their relationship Due to the technological advance of social media technology has an essential role in the customer s decision to

buy household appliances The existing literature has not focused on this massive demand for electronic appliances customer satisfaction loyalty trust and social media s significant role in consumer buying behavior The book shoed the investigation of the effect of customer satisfaction and brand trust of electronic home appliances on brand loyalty and the mediating role of brand trust in customer satisfaction and trust relationship The study also examined the extent to which customers believe social media information influences them The study gathered data from 523 Bangladeshi respondents from Dhaka by conducting a survey The data were analyzed with SPSS and CB SEM AMOS for the hypothesis test The findings revealed that customer satisfaction and brand trust significantly impact brand loyalty and social media moderates those significant relationships The result of the study contributed to the expectancy disconfirmation theory trust commitment theory brand loyalty theory and theory of reasoned action by presenting empirically based insight into customer satisfaction brand trust and brand loyalty constructs in electronic home appliances in Bangladesh In addition the results provided a practical insight into marketing and brand management They suggested the practicing managers in developing product quality with customer preference building trust through maintaining brand image and creating awareness among the customers and considering the significance of social media and its usage The research used probabilistic sampling techniques both rural and urban customers only a single home appliance and PLS SEM statistical tool for analysis Future researchers could focus and include other variables such as price or advertising consider loyalty separately and use both urban and rural customers to have better predictions

The Report: Trinidad & Tobago 2020 Oliver Cornock, Trinidad and Tobago is the largest producer of oil and gas in the Caribbean however like many hydrocarbon producing nations worldwide the slump in global energy prices beginning in 2014 negatively affected broader growth While there is a need to diversify the economy away from its dependence on hydrocarbons a number of new oil and gas discoveries in late 2019 appear set to support a short term recovery in the energy sector and lend financing to the wider economy **Communications Regulation** ,1997
