Rich Dad's Advisors: The Advanced Guide to Real Estate Investing Ken McElroy, 2008-05-29 If you're interested in real estate investing you may have noticed the lack of coverage it gets in mainstream financial media while stocks, bonds, and mutual funds are consistently touted as the safest and most profitable ways to invest. According to real estate guru Ken McElroy, that's because financial publications, TV, and radio programs make the bulk of their money from advertising paid for by the very companies who provide such mainstream financial services. On the other hand, real estate investment is something you can do on your own without a large amount of money up front. Picking up where left off in the bestselling *The ABC's of Real Estate Investing*, McElroy reveals the next essential lessons and information that no serious investor can afford to miss. Building on the foundation of real estate investment 101, McElroy tells readers how to think and operate like a real estate mogul, the top ten real estate markets to watch, how to identify and close expert deals, why multifamily housing is the best real estate investment out there, how to surround yourself with a team that will help maximize your money, how to avoid paying thousands in taxes by structuring property sales wisely, important projections about the future of real estate investment, and more.

Dad's Own Housekeeping Book David Bowers, 2006-01-01 Just because you're born with a Y chromosome doesn't excuse you from cleaning the bathroom, especially in this day and age when time's at a premium and partners have to be well-partners. To help men step up to the plate and wash it is *DAD'S OWN HOUSEKEEPING BOOK*, the book of everything your mother never taught you about taking care of a house. Written by a real guy in a real guy's voice and with a direct guy-to-guy point of view, *DAD'S OWN HOUSEKEEPING BOOK* in the spirit of *Dad's Own Cookbook* with 270,000 copies in print, takes even the most Swiffer-challenged dad and shows him that housekeeping is no different from yard work: that if you can organize your shop, you can organize a kitchen, and if you can load a trunk, you can load a dishwasher. From laundry room to attic storage, from the Five Minute Attack Plan Bathroom to the all-out assault of spring cleaning, it really does make a big difference from mold to stains to picking up after the kids without driving yourself crazy. This is the comprehensive crash course. Here's how to do the laundry without dulling colors, stock the pantry to make weekday meals infinitely easier, how to get mildew off the shower tiles, how to make a bed in one minute, how to be best friends with baking soda, just one of the many tips the author gives for saving money. And what you can do in thirty minutes to make your house completely presentable for your mother-in-law. Sorry, no more excuses.
