This book presents papers from the 12th Cambridge Workshop on Universal Access and Assistive Technology CWUAAT 2025 to be held in April 2025. This workshop series has hosted the multifaceted dialogue on design for inclusion since 2002, involving disciplines including design, computer science, engineering, architecture, ergonomics, and human factors, policy, and gerontology. The conference theme for 2025 is New frontiers for inclusion. The major themes dealt with in this collection include Understanding people, Designing for an ageing population, Designing for particular needs, Designing inclusive environments, New challenges and opportunities, the possibilities and challenges for inclusive design offered by AI and other emerging technologies. With its thematic wealth, this proceedings provides a unique insight into the current national and international research in the fields of inclusive design, universal access, and assistive and rehabilitative technology. *A Team of Robots* Femi Reis, 2023-10-03. Anyone who has ever run a small business knows how it feels to wear many hats: CEO, Designer, Marketer, Accountant, Lawyer, and more. Swiftly changing multiple hats as you work, you end the day running on fumes, wondering if you really did anything well. You wish you could hire a team that could take some things off your plate, but you are still bootstrapping and don't yet have the financial resources to employ others to do some of the things you currently do. But what if you could build a Team of Robots and deploy them to work full-time with you? They won't get tired like you, and they won't take vacations, they won't call in sick, nor would they experience other limitations that are common with us. The truth is, there are several tools out there to help you build such a Team of Robots. This is a simple guide to introduce you to
