**Increase sales and lead generation with AI and chatbots** Krzysztof Wroblewski, 2023-07-10 To grow your e-commerce business you need to gain more clients. And to achieve it you have to provide high quality customer experience. Sounds logical. But the more visitors on your website the more questions your support agents have to handle. And here is the challenge you need to face to successfully grow your store. How to serve more clients, answer more questions and maintain the high quality of support at the same time. There are two ways. The first is to constantly hire new support agents. It probably will work but the cost you'll have to take for constantly recruiting and training new employees will be huge. The second way is connected to technology that took the e-commerce
